Message from the Chairman's Desk

Dear Respected Readers,

With great honour and pride, I welcome you to yet another enriching chapter in the legacy of MRG School. As we gather to celebrate our students' growth and achievements, I am filled with profound gratitude for the vibrant tapestry of talent and creativity that defines our community.

Alankrita, our cherished annual publication, stands as a beacon of our collective journey—a demonstration of the boundless potential nurtured within our halls. It is a canvas where the brushstrokes of curiosity and imagination intertwine, giving rise to narratives that resonate far beyond the confines of its pages.

In each edition of Alankrita, we witness the unfolding of stories, the melodies of poetry, and the vibrant hues of artistic expression. It is a testament to the relentless pursuit of excellence that permeates every facet of our institution.

As we embark upon the dawn of a new academic session, I extend my heartfelt wishes to you, our esteemed readers, and to the luminous souls who grace our corridors. May Alankrita continue to kindle the flames of creativity, serving as a guiding light on the path to discovery and self expression.

Together, let us forge ahead, fostering a culture where curiosity thrives and each student is empowered to realize their fullest potential. For in the pages of Alankrita, and in the hearts of our community, lies the promise of a future illuminated by knowledge, compassion, and boundless possibility.

With Warmest Regards,
Shri Davender Kumar
(Chairman)

Message from the Executive Chairman

Dear Esteemed Members of the MRG School Community,

As we gather to commemorate another year of growth and achievement, it is with utmost pleasure that I extend my heartfelt greetings to each and every one of you. At MRG School, excellence is not merely a goal—it is a way of life, embodied by the unwavering dedication and passion of our students and educators.

Alankrita, our esteemed annual publication, serves as a testament to the indomitable spirit of creativity and innovation that defines our institution. Within its pages, we find the echoes of our collective journey—the triumphs, the challenges, and the invaluable lessons that shape us into the individuals we aspire to be.

To the editorial team, contributors, and all those who tirelessly labor behind the scenes, I offer my deepest gratitude. Your commitment to excellence ensures that the stories and experiences shared within Alankrita will continue to inspire and uplift future generations.

As we eagerly anticipate the unveiling of this year's edition, let us cherish the opportunity to celebrate the richness of our community and the boundless potential that resides within each of us. May Alankrita serve as a beacon of inspiration, guiding us towards a future filled with endless possibilities and newfound horizons.

With Warmest Regards
Maj. Gen. Dr. Dilawar Singh
(Executive Chairman)

Message from the Director's Desk

Dear Readers,

Education is a vibrant symphony of which creativity is the melody, harmonizing the notes of learning that guide us towards boundless possibilities. As educators at MRG School, we wholeheartedly embrace this belief, understanding that education reaches far beyond the pages of textbooks.

Our annual magazine, Alankrita, is just like a beautiful symphony, where learners express their creativity, by delving into the depths of imagination, sculpting narratives that transcend boundaries to fill the pages with unique poems and stories. This edition of Alankrita celebrates not only the achievements of our students but also the spirit of exploration and discovery that defines our community.

I extend my heartfelt wishes to the readers and my beloved student community as we embark on the new session of 2024-25. Let us continue to foster a strong sense of curiosity and inspire the young minds around us.

Warm Regards,
Mr. Rajjath Goel
(Director)

Message from the Principal's Podium

Dear Readers,

As we come to the end of another enriching academic year, I am filled with immense pride and gratitude towards our vibrant school community. Together, we have navigated the challenges and celebrated the successes that have made this year uniquely memorable.

I am delighted to highlight the successful culmination of our academic pursuits. The commitment and perseverance displayed by each student in their academic journey have been truly inspiring. Watching their progress has been one of the most rewarding aspects of my role as the MRG Principal.

This year also brought us significant accolades that deserve our collective applause. Our students have excelled in numerous competitions, ranging from academics to the arts, standing out both at local and national levels. Notably, our school was awarded the prestigious Green School Award for our commitment to sustainability and environmental stewardship. These achievements underscore the hard work of our students and the dedication of our staff, and they highlight the strength and excellence of our educational programs.

Our school spirit was palpably enriched by our resounding celebrations. The Annual Day, Confluence, and various parent engagement events have not only brought us together but also showcased the dynamic and diverse talents within our school. These occasions have strengthened our community bonds and fostered a sense of shared achievement that resonates beyond our campus.

A special mention must be made of our students' creative and intellectual outputs. The art and articles produced by our students this year have been nothing short of remarkable. These works not only reflect their hard work and creativity but also their ability to think critically and express themselves eloquently. They serve as a testament to the nurturing environment our school continues to provide, enabling each student to express their individuality while contributing to our collective ethos.

As we move forward, let us uphold our commitment to build upon our achievements and strive towards growth, learning, and a strong sense of community!

Warm Regards
Ms. Anshu Mital
(Principal)

Words of Wisdom

Dear Readers,
MRG Community,

Congratulations to all of you for successfully navigating through the 2023-24 session. As we step into the new academic year, I encourage you to take a moment to reflect on the journey of the past year. Let's identify what went well and be content with the outcomes of our planning and execution. Also, we think about what didn't go as planned and ponder over how we can learn from our shortcomings. By doing this, we will be able to let go of things that didn't work out and adopt new ideas and strategies that can help us move forward.

As we embark on this new academic year, let us embrace it with open arms and ready minds. Let's be willing to try new ways of doing things and also accept change. Always remember that every difficulty is an opportunity to improve upon the current version of self.

Together, let's get on with this new academic year with renewed determination and enthusiasm. Let's motivate one another, assist each other all through our journey and strive for high quality education.

Here's to a fruitful year ahead!

Kind Regards,
Mr. Vijay Shukla
(SMC Member)

Dear Readers,

We are excited to present Alankrita, our cherished annual e-magazine, which beautifully encapsulates the essence of our school's vibrant journey over the past session. As you flip through its pages, you'll witness the school accolades and the unwavering spirit and remarkable achievements of our students in academics and co-curricular activities. From heartwarming glimpses of our Annual Day celebrations to significant milestones, Alankrita is a testament to the dedication and hard work of our entire school community.

The magazine also highlights the innovative programs and initiatives introduced this year, aimed at fostering holistic development. We hope that Alankrita will bring you as much joy and pride as it has brought to us in putting it together.

Happy reading!

Warm Regards
Ms. Jyoti Sehgal
Academic Coordinator
(Elementary Wing)

Dear Readers,

Celebrating the highlights of our academic year in this magazine, we rejoice in the remarkable achievements at MRG. Our students have excelled in academics, extracurricular, and interdisciplinary learning. From a spectacular Annual Day to heartfelt acts of charity, their accomplishments have been truly inspiring. Skill development programs have also thrived, showcasing our students' dedication and talent. With gratitude to our supportive community, we eagerly anticipate continuing this journey of success together.

Warm Regards
Ms. Pallavi Jain
Academic Coordinator
(Primary Wing & Middle School)

Dear Readers,

This year has been truly remarkable for our school, marked by outstanding achievements and significant milestones. Our students have shone brightly in various interschool competitions and Olympiads, earning top positions and bringing immense pride to our institution. One student, in particular, has been selected to represent Delhi state in the prestigious Indian Physics Association which is indeed a matter of great pride!

Our educational trips have further enriched our students' personal and academic growth. Through Alankrita, our school magazine, we aim to provide a platform for students to unleash their talents. Here's to celebrating our successes and wishing everyone a successful academic year ahead!

Warm Regards
Ms. Ruchi Gupta

Courage

Courage House stands as a beacon of resilience, built upon the bedrock of its core values: bravery and perseverance. Courage House fosters a supportive environment where courage isn't just celebrated but cultivated, empowering students to stand up for what's right, uphold moral principles, and persevere in the faces of obstacles.

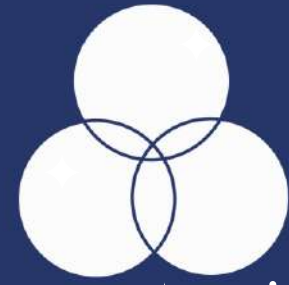

Empathy

Empathy House at our school is a nurturing space founded on the principles of compassion, understanding, connection and acceptance. It serves as a hub where students cultivate empathy by fostering meaningful relationships, actively listening to one another, and embracing diversity. It's a place where everyone feels valued, understood, and accepted for who they are.

Excellence

Excellence House at our school is a dynamic community driven by the core values of achievement, innovation, leadership, and growth. It serves as a platform for students to strive for their personal best, pushing boundaries and surpassing expectations in academics, sports, and extracurricular activities.

Integrity

Integrity House at our school is a cornerstone of moral character and ethical conduct, anchored by the values of honesty, responsibility, respect, and trustworthiness. It serves as a bastion of integrity, where students uphold high ethical standards in all aspects of their lives. It's a place where students are guided to make principled decisions and contribute positively to the school community.

INTEGRITY

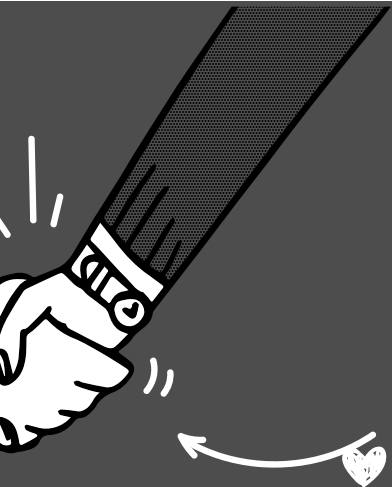

Community Care AT IVRG

Where Compassion Meets Action

Headway in Sustainability

Bisleri organized an environmental awareness and waste management workshop for grades VI-VIII, emphasizing on environmental awareness and efficient waste management. Our school's successful trash campaign resulted in the donation of 50 kilograms of plastic for recycling, demonstrating our commitment to sustainability, waste reduction and community responsibility.

Donate for Life Blood Donation Drive

On October 7, 2023, MRG School and Rotary Club united for a life-saving spectacle: a Blood Donation Camp. Amidst unique circumstances, it stood as a beacon of hope, rallying parents to donate, thus illuminating the path of compassion and drawing applause from all corners.

MRG Power Ranger

Aditya Verma, a ninth-grade student, developed the "MRG Power Ranger" as part of The Climate Reality Project 2023-24, aligned with SDG 13 - Climate Action. With guidance from teacher Ms. Pooja Goel, the app monitors carbon footprints and sets reduction targets, aiming for carbon neutrality within the school and beyond. It has secured a spot in the Southeast Asia competition and holds promise for broader impact in energy management and carbon emissions reduction efforts.

★ स्वच्छता पखवाड़ा

सी बी एस ई द्वारा 1सितंबर से 15 सितंबर तक चलाए जा रहे अभियान स्वच्छता पखवाड़ा के अंतर्गत स्वच्छता से संबंधित कई गतिविधियां जैसे चित्र द्वारा प्रस्तुतीकरण, नारा लेखन, शिक्षकों द्वारा शपथ, नुक्कड़ नाटक, पंपलेट वितरण आदि का आयोजन विद्यालय में करवाया गया। स्वच्छता पखवाड़ा के अंतर्गत स्वच्छता के महत्व को दर्शाते हुए 2 अक्टूबर को एक स्वच्छता अभियान डी.सी. चौक, सेक्टर 9, रोहिणी में आयोजित किया गया जिसमें एम. आर. जी स्कूल के छात्रों और कार्यालय के अधिकारियों ने भाग लिया।

Fueling the Frontline: Labour Day Food Donation Campaign

Amidst Labour's Day festivities, students cultivated gratitude by organized a donation camp, rallying the school community to donate essential food items. This heartfelt gesture not only aided those in need but also honored the indispensable contributions of our helpers, fostering a culture of appreciation and solidarity within our society.

Branching Out Together

Our energized Kindergarteners spearheaded a vibrant Van Mahotsav celebration, championing eco-consciousness and tree planting. Immersed in lessons on environmental stewardship, they grasped the significance of preserving nature and eagerly nurtured saplings at home, sowing seeds of green activism and fostering a love for Mother Earth.

Joy of Giving

MRG School orchestrated a dynamic collaboration with esteemed NGOs, The Toy Bank and Goonj, culminating in a transformative donation drive on March 21 and 22. Students eagerly participated, contributing a myriad of items such as beloved toys, cherished books, and essential stationery, igniting hope and solidarity amongst those in need.

Gourmet Gratitude

Grade VIII students displayed generosity by arranging a special lunch for the fourth-grade staff, showcasing kindness and appreciation. This thoughtful gesture fostered camaraderie and gratitude within the school community, highlighting the importance of empathy and teamwork among students.

Visit to an Old Age Home

MRG's 'Gratitude Week' saw students from grades VI to XII visiting 'Shiv Ashray' old age home, enjoying time with the elderly, sharing talents, dancing, and bonding over snacks. It was an enriching experience for all.

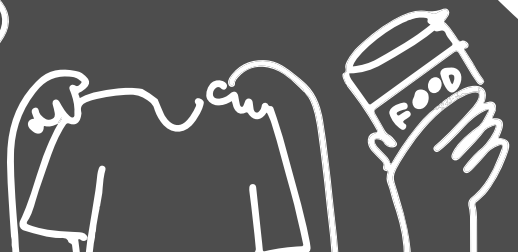

MRG Green Brigade

MRG learners were engaged in a creatively crafted initiative centered on nurturing a symbiotic relationship with Mother Earth. Through a vibrant plantation drive, the learners not only imbibed the importance of environmental stewardship but also embraced the profound responsibility to safeguard our planet. By pledging to plant trees, they cultivated a love for nature and actively contributed to the preservation of our ecosystem.

Founder's Day

In the midst of our school's magnificent splendor, the 11th Founder's Day emerged as a celebration brimming with boundless enthusiasm and profound gratitude. On the 26th of June, the campus exuded anticipation, bedecked in grandeur, resonating with echoes of history and triumph.

Dr. Hanif Qureshi, IPS, graced the occasion as the distinguished Chief Guest. It was a splendid display of our institution's diverse talents and a tribute to those who surpassed their duties.

Teachers' Day

The Teachers' Day celebration at our school was a touching and memorable event, showcasing our deep appreciation for our educators. The school was adorned with festive decorations, and students expressed gratitude through heartfelt performances. Teachers were honored with endearing titles reflective of their teaching style. It was a day filled with love, gratitude, and the joy of learning and teaching.

Independence Day was joyously commemorated at MRG School.

Dr. Anup Kumar Rajput, a distinguished academician, graced the occasion with his presence. The day commenced with a symbolic Tulsi Watering Ceremony, evoking traditional reverence, followed by a stirring Flag Hoisting ceremony. The students' March Past and cultural presentations eloquently portrayed India's grandeur and solidarity, culminating in the Investiture Ceremony where the torchbearers of MRG School solemnly pledged to uphold the institution's cherished values.

Independence Day

Confluence 2023, our Annual Inter-School Festival, epitomized an exceptional display of talent and unity among over 400 students from 23 esteemed institutions. Through a myriad of activities encompassing role plays, musical performances, and graffiti painting, they demonstrated their artistic, intellectual, and athletic prowess. It served as a dynamic celebration of talent, camaraderie, and treasured moments, perpetuating our enduring legacy of holistic development.

CONFLUENCE

Annual Interschool Fest

The Gratitude Week Celebration at MRG School was a resounding triumph, nurturing reflection, expression, and unity. It cultivated a supportive school ethos, highlighted by a well-received donation drive for war widows. Students enthusiastically participated in gratitude-focused activities, reinforcing the school's dedication to holistic education and instilling values beyond academics.

Annual Day Celebration

MRG School's Annual Day Celebration, themed "F.A.M.I.L.Y - Father And Mother I Love You," united the community with esteemed guests like Mr. Himanshu Gupta (Secretary, CBSE) and Padma Shri awardee Dr. Jitender Singh Shunty. Students' performances showcased familial bonds through music, dance, and drama, resonating with messages of love and unity. The event concluded with a pledge to cherish these connections, enriching both school and community.

Farewell Ceremony

The Class XII Blessing Ceremony was a spiritually enriching event, blending a traditional hawan with blessings for the graduating students. It radiated positive energy and served as a guiding light for their journey ahead.

Blessing Ceremony

MRG School's Farewell Ceremony for Class XII celebrated the culmination of their academic journey with a focus on hard work, dedication, and excellence. The highlight was the diploma awarding moment, symbolizing their transition from students to graduates, ready for the next phase of life.

Graduation Day

The kindergarten graduation day exuded jubilation, replete with excitement, pride, and a hint of nostalgia. As the young graduates paraded into the auditorium bedecked in miniature caps and gowns, their countenances aglow with eager anticipation. Parents and family members watched with a mixture of pride and misty-eyed emotion as each child was conferred their diploma, emblematic of their progression to the next chapter of their educational odyssey.

English

MRG School celebrated 'English Week' during the third week of April. The students' deep affection for the language was evident in the diverse range of activities organized for different grades. Enthusiastic participants exulted and absorbed knowledge simultaneously through a plethora of stimulating events.

French

The commencement of "French Week" was met with fervor as students eagerly distributed French Week badges across the school campus. They enthusiastically commemorated the week by crafting alphabet charts and artwork showcased during the Parents Teachers Meet, cultivating a profound admiration for France and its rich cultural heritage.

My first time for (FAs) Final Assessments: A Little Adventure!

FAs are like magical tests where we can share our knowledge. Imagine them as treasure hunts for our brains.

When FAs time arrives, our pencils dance on papers.

We answer questions about numbers, letters and stories. Our teachers also cheer us up, and we feel like superheroes with capes made of confidence. After FAs, we get stickers, tiny stars for our appreciation which says, "Great job"! Our smiles stretch from ear to ear. When FAs end, we celebrate with dance, class party and bagless days.

FAs are our Chance to shine! Let our knowledge sparkle.

Oh! What a Day!

On a chilly winter evening, my MRG School was beautifully decorated. It was our Annual Day on 20th January 2024. It was my school's New Year gift to everyone.

I was very excited for the Annual Day function. I was looking very pretty in my blue dress. I enjoyed eating snacks with my friends and we all shared our meal. We all had a wonderful time together.

We all practiced a lot for this day. I did my best dance and I was very surprised that parents clapped for me. My teacher, Suhani Ma'am, was very excited to see how her students were dancing on the stage bravely. The fireworks at the end looked awesome and I was amazed to see them. All parents thought this Annual Day was great and lovely.

Gratitude

Everyone around us helps us in some or the other way, just that they are called by different names like- police officer, doctor, firefighter and even our family members. We should always be thankful to them. Everyone plays a significant role in making each other's lives easy. If we can make someone smile just by saying thank you then, we should always do the same. I always feel that I am extremely grateful to my family for giving me good health, healthy food, education and none other than their incredible love.

My School

My school's name is MRG School. It is exceptionally clean and full of greenery. I like to study here. The library of my school has many interesting books that I like to read. I love to go to school daily in my blue and white uniform. My school is my second home and I love my teachers. Our teachers are truly kind and caring. I also like playing chess, doing skating and swimming. This is my first year in this school and I am so happy that I am amongst the top five students of my class who are rewarded as a star performer by Principal Madam in the report card.

Child's Adventure in Verse

In fields of green and skies so blue,
Where dreams take flight and hopes renew,
A child's heart beats pure and free,
In every whisper of the tree.

With laughter bright like sunlit rays,
And innocence that never strays,
The world is vast, yet full of joy,
For every girl and every boy.

Through meadows fair and rivers wide,
Adventure calls on every side,
Imagination knows no bound,
In this enchanted playground found.

From dawn till dusk, we'll dance and play,
In nature's arms, we find our way,
For in this wondrous, magic land,
We'll build our castles in the sand.

So let us cherish childhood's glow,
As fleeting as the falling snow,
And hold onto each precious day,
In this sweet, fleeting, childhood's play.

Spreading Wings of Creativity

I have wings that help me fly,
Now I can fly afar.

My dream is to fly away,
Like a kite in the sky,
And reach the shore of my destiny.

Just like my wings guide me,
I am sure you have wings that will guide you too.
So, don't listen to others about what you have to do.

Just open your wings and let the world know you.
Tell the world who you are,
And what you can do..
Be a voice for everyone
And become something in your life.

And hold onto each precious day,
In this sweet, fleeting, childhood's play.

Yes, I am a girl
Can be compared to a pearl,
Very bold
As precious as gold.
Nothing to annoy
As we are equal to a boy,
We have secured our rights
And achieved the greatest heights,
We can do work with all our might,
And can be very much in the limelight.
So, whether "a boy or a girl child"
Everyone should welcome her
With open heart and pride.

• My Mother, My Nature

Nature Nature, my Mother,
My Mother, My Nature.

Oh Nature you give us everything,
And do our nurture.

Sometimes I think out of curiosity
why people want to change your beauty into adversity.

My questions never get answers,
I want to become your beauty enhancer.

Nature is so beautiful, it takes away my breath,
I don't know why people are putting it into threat.
We should come together and join hands as a family,
Let us conserve our mother earth and live happily.

You are the abode of so many birds and animals,
If nature will not be cared for, the situation will be critical.

We will become more helpless,
So it's the high time we should become selfless.
Plant more trees and do the needful,
So the future for coming generations become more fruitful.

Blissful Diwali

Full of yummy delights and colorful bright lights,
Enjoy this Diwali, by helping a poor Diya maker
in fighting his plight.

Have some tasty food and make a hopeless heart feel
new,
a poor man whose debts are due....
Look out for local vendors in your view.

Enjoy the spirit of victory of good over evil,
But be aware and take care
Do not pollute as this is worst than a thief's loot.

Celebrate your Diwali Clean and Green with lights
And not with the things that gives excess smoke when
set alight.

Listen to the Mother Earth chant,
This Diwali sow a PLANT.

Have a BLISSFUL DIWALI

Journey of Learning

$$E=mc^2$$

In the depths of knowledge's sea, we dive,
Where wisdom's currents ever strive.
Each lesson learned, a spark ignites,
Illuminating our inner sights.

With each mistake, we gain insight,
For failure fuels our upward flight.
Through valleys low and peaks so high,
We strive to reach the endless sky.

In every challenge, a hidden gift,
A chance to grow, our spirits lift.
With courage as our guiding star,
We journey on, no matter how far.

Embrace the journey, embrace the quest,
For in pursuit, we find our best.
Educate the mind, ignite the soul,
And let your aspirations roll.

For in the tapestry of life we weave,
Each thread of learning, we believe,
That in our hearts, the fire will burn,
To seek, to learn, to ever yearn.

So let us walk this path together,
Through stormy weather, through sunny weather.
For in the end, it's not the destination,
But the journey itself, our inspiration.

Jonathan and His Greatest Discovery

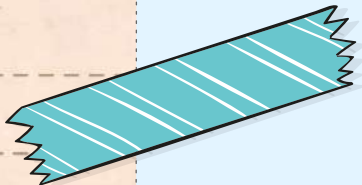

Once upon a time, there was a boy named Jonathan who lost his parents in a car accident. Since then, he lived with his aunt, Gris, who was very cruel to him. Every morning, she gave Jonathan a list of chores to do. After every day, at night, he would go to his room and look at the stars with the help of his telescope. Jonathan had an interest in space and believed that there was something out there in the dark skies.

One night, as he observed the skies, he saw an unusual thing coming towards his house. At first, he thought it was a shooting star, but when he looked at it using his telescope, he found out it was a UFO (Unidentified Flying Object). He couldn't believe his eyes; he was utterly shocked. The UFO crashed in his backyard, luckily Aunt Gris didn't hear the sound of the crash. Jonathan tiptoed down to his house's backyard, and what he saw was unreal; it was a child wearing a spacesuit with his helmet covering his face. As he saw Jonathan, he got scared and ran away. Jonathan tried to follow him but after some time, couldn't find him. After that, he began thinking about how to hide the UFO from Aunt Gris. Then he got an idea; he got a couple of bed sheets and blankets from the garage and started to put all the blankets on the UFO, which hid it. But before hiding it, he took some photos of the UFO with his camera.

The next day, he secretly published his photos, which made him famous and rich worldwide. Aunt Gris became jealous and tried to steal Jonathan's money, but due to Jonathan's clever mind, he always set traps for Aunt Gris to fall for them. He used his wealth to improve his town by building different facilities like hospitals, schools, police stations, and hotels. The people of the town thanked him and voted to make him the leader of the town. Jonathan felt proud of himself and pursued his future dream of becoming an astronaut and exploring the depths of space.

Power of Music

Music is the abyss of our deepest emotions. Its magic is an unexplained mystery that holds enormous power to captivate human minds. It also plays an important role in our lives, providing a blissful experience whenever we listen to it. The purpose of music is to heal and uplift our souls.

Musicians are gifted individuals, and their lives are written in the verses of the musical realm. It is intricately linked to human emotions and feelings—an essential component of all phases of life. From infancy, our mothers sing lullabies to soothe us to sleep. In childhood, we delight in the tunes of cartoons. And, through our teenage years, songs form the soundtrack of our lives, accompanying us every step of the way. Music serves as a testament to various mental health issues, offering solace in times of depression, stress, anxiety, and trauma. It is a potent tool for motivation and inspiration, capable of boosting concentration and easing us into sleep. Melodies have a profound effect on altering our moods; a melancholic opera can evoke tears and release emotions, while uplifting tunes can infuse us with enthusiasm. It is mesmerizing, capable of softening even the toughest individuals.

Throughout our lives, music assumes different roles. It provides the soundtrack to our weddings, accompanies us in times of joy and sorrow, and even sets the tone for our farewells during death.

From birth to death, it is intertwined with our existence. Moreover, music serves as the hidden language of our souls, enabling communication through creation.

In essence, music is not just a form of entertainment; it's a lifeline, weaving through the tapestry of our lives, offering solace, inspiration, and healing. From the tender melodies that cradle us in infancy to the solemn refrains that bid us farewell, it is the invisible thread that connects us all. So let us continue to embrace its power, for in its language, our souls find their truest expression.

The Christmas Party

It was Christmas time, and Peter, a small, cute boy, had just come out of the bathroom after taking a bath. Ready to take a nap, he noticed a note lying on his pillow. He clearly remembered that the note was not there before he went to the bathroom. The note invited him to Santa's secret village for the Christmas party. It instructed him to come to the Christmas tree and think about Santa from the heart if he wished to attend.

Peter was overjoyed. Being personally invited by Santa to his Christmas party in his beautiful secret village made him feel like the luckiest child in town, and indeed, in the world. He danced with joy, imagining the elves and the reindeer. It was shaping up to be the best Christmas ever.

Following the note's instructions, Peter waited patiently until everyone else in the house had fallen asleep. With tiny steps, he tiptoed to the living room where the Christmas tree stood. Kneeling down, he began chanting Santa's name, gazing at the Santa Claus ornament hanging from the tree. Though the room was dimly lit, the moon provided enough light to illuminate the shiny ornament at the bottom of the branch.

As Peter's chanting increased, Santa's ornament started glittering more brightly. He could hear the sound of laughter. While any other boy in town might have been afraid in this situation, Peter felt no fear at all because he knew it was party time in the secret village.

As Peter stood in the glow of the Christmas tree, he felt a warm breeze sweep through the room, carrying the scent of freshly baked cookies and the sound of distant jingle bells. Suddenly, he felt a gentle touch on his shoulder and turned to see Santa himself standing before him, his eyes twinkling with joy. With a hearty laugh, Santa took Peter's hand and led him through the shimmering portal to the secret village, where a magical Christmas party awaited them. And as they danced and sang with the elves and reindeer under the starlit sky, Peter knew that this Christmas would be etched in his heart forever, a cherished memory of joy, wonder, and the spirit of giving.

Measuring Happiness

In search of joy, we often roam,
Thinking others have found the perfect home.
Why did his candle last longer, we muse,
While our own flickers and seems to refuse?
You have the shiniest wheels of all,
But mine are rusting across the wall.

But the grass we stand on, it's just fine,
If we pause and see, it'll surely shine.
In these comparisons, we often miss,
The beauty of our own unique bliss.

Why is his blanket warmer, snug, and tight,
While ours feels thin in the cold of the night?
You were so ahead of the curve,
That yours became a diamond's sphere.

For what shines bright in another's sight,
May not bring us the same delight.
The grass may seem greener far and wide,
Yet true joy comes from what's by our side.

So let's cherish our candle's gentle glow,
And the warmth of the blanket we know.
In our own time, at our own pace,
We'll find our path, our own special place.

Why did you reach the peak first, not me?
Am I the one who is cursed, never to be free?
While you dream of becoming a superhero,
I'm here, just aiming to be a zero.

For life's journey is not a race to win,
But a winding road where we begin.
With each step forward, we learn and grow,
Embracing the highs and the lows.

So, let's not dwell on what others possess,
But focus on our own happiness.
For in the end, it's not about the fame,
But finding contentment in life's simple game.

Time and Tide Wait for None

Have you ever heard the saying, 'Time and tide wait for none?' It's a very important saying, especially as we grow older and take on more responsibilities.

So, what exactly does it mean? Well, let's break it down. Time is something we all have, right? But here's the thing: once it's gone, it's gone. You can't get it back. Imagine you have a bag of candy, and every piece you take out is like a moment in time. Once you eat it, it's gone forever. That's time for you!

And then there's tide. Tides are these cool things that happen in the ocean, and they don't wait around for anyone either. They come and go on their own schedule, whether we're ready or not. Just like time, they don't care if we're busy or if we have other plans. They do their thing no matter what.

Now, why is this saying important? Well, think about all the things we want to do in life. Maybe you want to learn a new skill, like playing an instrument or speaking a new language. Or perhaps you have dreams of becoming a doctor, an astronaut, or even a famous artist. Whatever it is, time is ticking away, and if we don't use it wisely, we might miss our chances to achieve our goals.

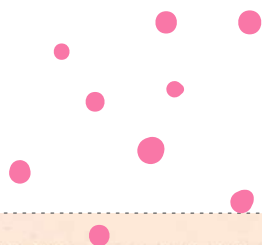

We're at a crucial stage in our lives. High school is just around the corner, and before we know it, we'll be off to college or starting our careers. It might seem like we have all the time in the world right now, but it goes by faster than you think.

So, what can we do about it? Well, for starters, we can make the most of every moment we have. Instead of spending hours scrolling through social media or playing video games, we could be doing something productive, like studying, reading, or pursuing our passions.

We can also learn to manage our time better. That means setting goals, making schedules, and sticking to them. It might sound boring, but it pays off in the long run. Moreover, it helps us develop important skills like discipline, organization, and time management.

And finally, we can remember to cherish the time we have with the people we love. Whether it's our family, our friends, or our teachers, these are the moments that make life truly special. So let's make sure we make the most of them while we can.

In conclusion, 'Time and Tide Wait for None' is a powerful reminder that time is precious and waits for no one. It's up to us to make the most of every moment, chase our dreams, and create a life that we're proud of. So let's get out there and make it happen!

Unlocking the Enigma of Child Psychology

Child psychology delves into the intricate workings of the developing brain, where children, like eager explorers, absorb the world's stimuli, laying the foundations for lifelong learning. From infancy's discovery of object permanence to adolescence's sophisticated reasoning, cognitive abilities evolve, unfurled by innate curiosity.

Emotions, weaving through life's fabric, profoundly shape experiences and relationships. Children traverse a vast emotional landscape, learning to express, understand, and regulate feelings, fostering emotional intelligence crucial for empathy, resilience, and self-awareness.

In the bustling social arena, middle school becomes a stage for exploring human relationships. Amidst peer interactions and societal pressures, lies an opportunity to celebrate individuality, fostering communities of inclusivity and acceptance.

However, the shadowy specter of bullying looms, casting a pall over childhood innocence. Bullying's intimidation and cruelty leave lasting scars, demanding united efforts to create environments where kindness prevails.

Unlocking the mysteries of child psychology and fostering a brighter future begins with empathy. Nurturing empathy enables connections that transcend boundaries, ensuring every child feels seen, heard, and valued.

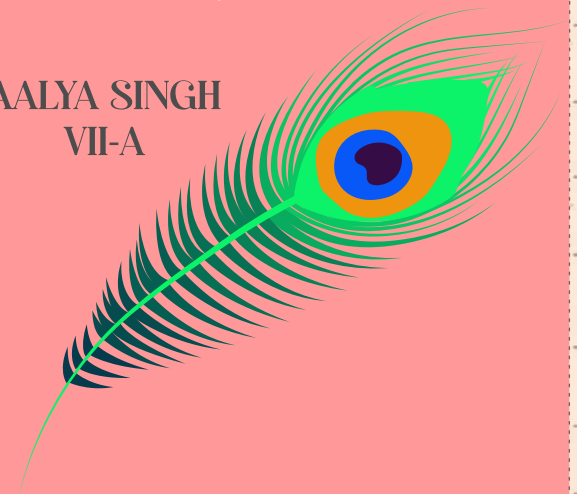

In conclusion, child psychology offers insight into humanity's soul, revealing the wonders of childhood innocence, resilience, and growth. As we navigate life's complexities, let us remember the profound impacts on young minds. Together, let us embark on a journey of empathy, unlocking the boundless potential of the human spirit.

Data Deception: The Connect Us Scandal

In the bustling city of New York, five friends—Mark, Emily, Alex, Sarah, and Jason—shared a common passion for technology and a desire to create something revolutionary. Countless nights were spent brainstorming until inspiration struck: they would develop a social media app unlike any other. Their creation, Connect Us, promised a seamless experience for connecting with friends, sharing photos, and discovering new content. However, behind its sleek interface lay a hidden agenda.

Connect Us was designed to stealthily collect and monetize users' personal data. As the app gained traction, the friends reveled in their success. Their bank accounts swelled as advertisers clamored for access to the valuable user data they had amassed. Yet, as their fortunes grew, so did their guilt. Doubts crept in, but the allure of wealth and fame proved too strong to resist.

Meanwhile, tech-savvy journalist Maya began investigating rumors surrounding Connect Us. With each piece of evidence uncovered, Maya grew increasingly suspicious of the app's true intentions. Determined to expose the truth, she delved deeper into the company's operations, risking her safety in pursuit of justice.

As Maya's investigation gained momentum, the friends behind ConnectUs grew increasingly paranoid. They hired hackers to cover their tracks and intimidate anyone who dared to challenge them. However, Maya refused to back down, driven by a sense of duty to protect the public from exploitation.

In a daring move, Maya infiltrated Connect Us' headquarters armed with evidence of their wrongdoing. She confronted the friends, exposing their deception to the world. The scandal rocked the tech industry, prompting widespread outrage and calls for greater privacy protections.

In the aftermath, Mark, Emily, Alex, Sarah, and Jason faced the consequences of their actions. Their once-thriving company lay in ruins, and their reputations were tarnished forever. As they grappled with the fallout, they began to reflect on the true cost of their ambition.

While the story is fictional, it reflects the concerns and challenges faced by users of many popular social media platforms. From controversies surrounding data privacy to debates over algorithmic manipulation, the parallels are evident. Users are increasingly realizing the need to remain vigilant and proactive in safeguarding their personal information online.

In the wake of the Connect Us scandal, public awareness of data privacy soared. Users scrutinized privacy policies more closely, demanding transparency and accountability from tech companies.

Treasure Hunt

A very bright morning, I was getting ready for school, as it was my first day of the new session. Equipped with new books and accessories, I looked forward to meet my friends and delve into new subjects, eager to gain knowledge. I was particularly thrilled about the new activity of gardening, which was set to commence this year. The school had introduced this subject to acquaint us with different plants and species.

One day, we were led to a large ground on the school premises for an introductory class. There were various tools and packets laid out, and the teacher was instructing us on how to dig and prepare the field for planting. However, some students were not paying attention and were engaged in play. This led to the teacher's frustration, prompting him to form different teams of four students and assign them the task of digging. The team that dug the fastest would win.

We began digging for a while, then took a break to replenish our energy. After resuming our task, our metal tool collided with a metal box buried in the ground. We rushed towards it and discovered a large golden box in the hole. The teacher instructed us to retrieve the golden box from the hole. Despite our efforts, we couldn't open the box.

Attempting to break the box proved futile. Finally, one of the boys forcefully opened it. Upon opening the box, we found an old and dirty letter contained within a smaller box nestled within the golden one. Excitedly, we began reading the letter, which revealed the presence of a magic lamp inside the box capable of granting three wishes. Overwhelmed with joy, we deliberated on what to wish for.

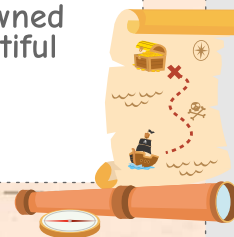

Carefully, we opened the box and retrieved the lamp, experiencing a mixture of fear and excitement. Students began to argue over whose wishes should be fulfilled. Eventually, the teacher intervened, and we all agreed upon three wishes that would benefit everyone.

Our first wish was that no COVID-19-like disease would ever occur again. The second wish was for our country to be pollution-free, unaffected by global warming. The third wish was to bring happiness to everyone.

Filled with satisfaction, we returned to school.

However, my reverie was interrupted by the buzzing of my alarm clock, and my mother's arrival to wake me for school. It dawned on me that I had been dreaming. Nonetheless, what a beautiful dream it was, one that I wished could come true.

Teacher - A Jewel

In the classroom's gentle glow, a jewel does shine,
Guiding minds through realms of knowledge divine.

A teacher -a beacon in the vast sea of thought,
A sculptor of futures, with lessons finely wrought.

With patience as their chisel and wisdom as their
guide,

They shape young minds where curiosity abides.
In the tapestry of learning they weave each thread,
Instilling in hearts the hunger to be fed.

Their words like music, dance upon the air,
Inspiring dreams, banishing despair.
They nurture each sapling with tender care,
Watching them flourish in knowledge so rare.

With boundless dedication, they light the way,
Igniting flames of passion come what may.
For in the heart of every student they touch,
Lies the testament of their love felt so much.

So here's to the teacher, a jewel bright and true,
Whose brilliance illuminates all they do.
In the tapestry of life, they etch their mark,
Forever cherished, in minds and hearts sparked.

The Time Travel

Once upon a time, there were two children walking on a road. They were coming back from their school. They were best friends. Their names were Jack and John.

While walking on the road, they saw a glowing object. Jack said, "Hey John, what's that?" John replied, "It looks like some machine." They went and picked it up. There were two buttons on it. One was green, and the other one was blue.

Jack suggested, "Let's press the green button." John disagreed, "No, let's press the blue button. It looks beautiful." They started snatching it from each other, and by mistake, they pressed a button. After that, some force pushed them backward. They wondered where they had ended up.

Then they saw a door in front of them. They both agreed to go inside it without any second thought, and they opened it. Inside, they saw three people sitting at a table. They recognized them from their history book. They were Ms. Ammu Swami, Mr. Narendra Raizada, and Dr. B.R. Ambedkar. They were discussing the making of our Constitution. For some time, they listened, but soon they were noticed by a bodyguard.

He picked them up and threw them out. John got up, but Jack sat there motionless. So, to snap him back to reality, John pinched him. Now Jack got angry and slapped him back. Eventually, they settled the matter. They realized they had time-traveled using the machine. They pressed the button again and were teleported once more.

In front of them, they saw a long queue. As they were curious, they also went and stood in line. Soon they reached the front of the line. There was a big counter. They asked the man at the counter what was happening there. The man told them that they were giving tickets to Mars.

They asked which year it was, and the man said it was 2050. They wanted tickets but didn't have any money. Jack said, "I have a phone, but there is no network." John said, "I have a network as well as money, but no phone." They were unable to buy tickets and decided to time-travel again.

They landed at a place where nobody was present. After some time, they saw a girl. They went to her and asked which year it was. The girl told them they were in 2070 and warned them to seek shelter as there were zombies around. Soon they realized the truth as a zombie approached them.

They ran and pressed the button again. Now they were back in 2024.

Moral of the Story: We should live in the present as the past is boring and the future is terrifying.

Artificial Intelligence: Blessing or Bane?

Artificial intelligence (AI) is a broad field of study dedicated to creating intelligent machines capable of performing tasks traditionally requiring human intelligence. Its impact on our lives sparks a debate: is AI a blessing or a curse?

AI's rapid evolution holds the promise of transforming virtually every industry and aspect of society. Despite its potential benefits, apprehensions about its future implications loom large. While some fear the emergence of dangerously super-intelligent machines, others view AI as a boon that can greatly enhance our lives. Indeed, AI opens up numerous opportunities across various fields, provided individuals possess the necessary skills to leverage them effectively.

In today's world, the demand for AI capabilities spans diverse industries, including gaming, robotics, facial recognition software, weaponry, speech and vision recognition, expert systems, and search engines. Moreover, AI plays a pivotal role in bolstering cybersecurity efforts, facilitating the real-time detection and prevention of cyberattacks. As cybercrime and hacking continue to proliferate, the importance of AI in safeguarding digital assets cannot be overstated.

However, the transformative potential of AI comes with its share of challenges. For those lacking adequate knowledge and understanding of AI, its complexities may indeed pose a curse rather than a blessing. Misuse or mishandling of AI technologies can lead to unintended consequences, exacerbating societal issues such as privacy breaches and algorithmic biases.

In conclusion, the debate surrounding artificial intelligence underscores the need for a balanced perspective. While AI holds immense promise in reshaping industries and addressing societal challenges, its ethical implications and potential risks cannot be ignored. To harness the full potential of AI as a precious gift, it is imperative that individuals equip themselves with the requisite knowledge and information. By doing so, we can navigate the complexities of AI responsibly and ensure that it remains a force for good in our rapidly evolving world.

The Double-Edged Sword

Feminism, at its core, aims for fairness between men and women. However, like any movement, it has its bright and shadowy sides. Let's explore both, keeping it simple and clear.

The Good Edge of the Sword:

Equality for Everyone: Feminism champions equal rights and opportunities for all genders. It strives to break down barriers that hold people back based on gender.

Empowerment: Feminism uplifts women, boosting their confidence to pursue their goals and challenge unfair treatment. It encourages them to speak up and take charge of their lives.

Celebrating Diversity: Feminism recognizes that gender experiences vary. It embraces different identities and experiences, fostering inclusivity and understanding.

Breaking Stereotypes: Feminism challenges stereotypes that limit people based on their gender. It encourages everyone to defy expectations and pursue their passions.

The Bad Edge of the Sword:

Misunderstandings and Backlash: Some misunderstand feminism, thinking of it as anti-men or extreme. This misconception leads to backlash and resistance, slowing down the progress of women.

Exclusionary Practices: Feminism hasn't always been inclusive of all women. Some groups, like women of colour or those from different economic backgrounds, feel marginalized within the movement.

Internal Fights: Feminism isn't always a united front. Disagreements within the movement can lead to divisions, weakening its impact and causing confusion.

Media Post-Mortem: Media often distorts feminism, portraying it negatively or simplifying its message. This misrepresentation perpetuates misconceptions and undermines its goals.

Hence, in essence, we may say that feminism is a complex tapestry of ideals and rules, striving for equality while grappling with challenges. By understanding its strengths and weaknesses, we can strive for a future where everyone, regardless of gender, thrives inclusively.

Life is not a fair game.

A boy named Raju used to live in a 'developed' town in the state of Jharkhand. Raju lived with his parents and two younger siblings in a small house on the outskirts of the city.

The town was known for its rich heritage and culture, but only the poor people of the town knew the truth about it. There was a huge caste issue in which poor or lower caste people were marginalized from the main town as the rich people of the town believed they lowered the beauty of the town.

Raju and his family were one of many victims of this problem. Raju also faced discrimination in his school, as his skin had a darker complex compared to other students. Raju's father was a rickshaw driver in the town; he would take tourists visiting the town to popular locations, after which he received a sum that barely allowed him to make ends meet.

Raju was a smart kid. He would very easily get a perfect score in his exams, because of which his teachers used to adore him. Raju had a list of things he wanted to do once in his life, some of which were to get a good job, move into the inner part of town, and make his parents proud.

Raju knew if he studied hard enough he could do this easily, but then disaster struck. Raju's father got injured in a fight with a man who called him names for being a lower caste man.

Raju's father was in the hospital; the savings in the house were used for his treatment. With no money left in the household, Raju, being the eldest, had to take up the job of his father as a rickshaw driver.

Raju cried because he knew he wouldn't have the future he dreamed of if he took his father's job, but he had to because of their circumstances.

Nature

Nature is a canvas painted by the divine,
A masterpiece of colours and design.
From rolling hills to oceans wide,
It fills our hearts and souls with pride.
The rustling leaves, the chirping birds,
The fragrant flowers, the grazing herds,
All blend in harmony, a symphony of sound,
A melody of life that is profound.
The sunsets paint the sky with a golden hue,
The stars twinkle brightly, a dazzling view.
The rivers flow, the mountains stand tall,
A mesmerizing beauty that enthralls us all.
Nature is a wonder, a sight to behold,
A story untold, a treasure untold.
It teaches us to live, to love, to grow,
And reminds us that life is a beautiful show.
So let us cherish and protect this gift,
And treat it with the love and care it deserves.
For nature is a reflection of our soul,
And it's up to us to keep it whole.

A Thousand Memories

Some Eidetic while other Vague
One gives pleasure other gives misery,
Known to stay in our minds
For eternity
But memories are not only in our head
It's the moment which once existed
Moments of grief, of contentment
Or of simply existing
They say to cherish these moment
Because at the end all they are left is
As memories.
Memories which makes us feel
Dead and alive at the same time
Memories whose echoes,
Linger in our minds
Memories that we will embrace
For a thousand more times.

MOTHER

In every storm, she stood strong and tall,
Guiding me through the rise and fall.
Her love, a beacon in the dark,
A comforting touch, a soothing spark.
With gentle hands and a heart so pure,
She taught me grace and how to endure.
Through laughter, tears, and silent cries,
Her presence is like a soothing lullaby.
In her embrace, I found my home,
A place of warmth where I can roam.
Her wisdom flows like a gentle stream,
A source of strength, a radiant beam.
Oh, mother dear, so kind and true,
Every moment, I see you.
Your love, a gift that I treasure,
In every joy and every measure.
No words can capture all you mean,
A bond so deep, a love unseen.
My mother, my rock, my guiding light,
In your arms, everything feels right.
So here's to you, my dear mother,
Forever grateful, forever honored.
You are my heart, my soul, my guide,
In your love, I'll forever abide.
A mother's love knows no bounds,
In her, a sanctuary is found.
Through trials and triumphs, she's by my side,
Her love and strength, an unbreakable guide.
Her laughter is music to my ears,
Dispelling all my doubts and fears.
In her eyes, I find comfort and care,
A love so deep, beyond compare.
She weaves stories with tender words,
Like lullabies, soothing and heard.
In her embrace, I find solace and peace,
Her love is a balm that will never cease.
So here's to the woman who shaped my soul,
Whose love and support make me whole.
My mother, my confidante, my best friend,
In every way, your love knows no end.

The Story of Varuna

In the mystical world of Varuna, a planet located in the middle of the universe, two major groups of beings coexisted in delicate balance. The Water People, delicate and graceful, thrived in the shimmering rivers and lakes that crossed the land of Varuna. On the other hand, the Land People, sturdy and rooted, found their strength in the lush forests and sprawling landscapes.

For centuries, a harmonious coexistence prevailed. The Water People and the Land People respected the boundaries defined by the cosmic powers that shaped their world. Yet, as time passed, the lines between water and land began to blur, causing unrest among the inhabitants of Varuna.

Enter Nalin, a young and courageous Water People warrior. Nalin, born with an adventurous spirit, felt a calling to explore beyond the confines of his watery realm. His curiosity led him to the different corners of Varuna, where he encountered Lavana, an curious Land People scholar. Their unexpected meeting sparked a friendship that transcended the perception embedded in the hearts of their people.

One day, an event shook Varuna, causing the waters to recede and the land to flood. The delicate balance that once held the planet together was disrupted. Panic and fear swept through both communities as they faced an existential threat.

The once distinct territories of the Water People and Land People now twisted, creating chaos all around the territories. The elemental imbalance threatened the very existence of Varuna. As the Water People blamed the Land People for this catastrophic event, and vice versa, Nalin and Lavana found themselves torn between their own people.

Realizing the urgency of the situation, Nalin and Lavana embarked on a quest to find a solution to restore harmony to Varuna.

Guided by an ancient prophecy, Nalin and Lavana discovered an ancient artifact, the "Varunin Stone," hidden deep within the land of Varuna. Legends spoke of the stone's power to channel the cosmic energies and restore balance to the planet.

Their journey was perilous, filled with challenges that tested their friendship and resolve. Along the way, they encountered mystical creatures, traversed landscapes, and faced the skepticism of their own people.

As Nalin and Lavana reached the sacred chamber where the Varunin Stone layed, they realized that unity was the key to unlocking its power. Holding hands, representing the union of water and land, they invoked the ancient rituals that would harness the cosmic powers.

The Varunin Stone responded, and a radiant energy surged through Varuna. The waters receded to their rightful places, and the land emerged back to being peaceful. The planet began to heal as the elemental balance was restored.

Witnessing this miraculous transformation, the Water People and the Land People set aside their differences. Nalin and Lavana became symbols of unity, and their tale became a legend passed down through generations.

My Vision about AI

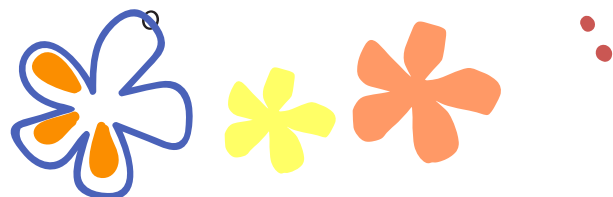

Artificial Intelligence (AI) is a topic that has been gaining a lot of attention in recent years. My vision about AI is that it is both exciting and a little bit concerning. I envision AI as a tool that can help us solve complex problems and make our lives easier. However, I also have concerns that it may take over the human race if not used carefully.

One field of AI that I find interesting is its ability to process, store and analyze vast amounts of data at a speed that far exceeds human capability. This is being used in many different and vast fields. In healthcare, AI could help doctors diagnose diseases more accurately and efficiently. In the field of education, AI helps to bring new ways to simplify things and allow students to understand it easily. The technology of AI is also being used for automated cars, robots, and search engines. In the near future, AI could be used to predict natural disasters and take preventive measures to minimize their impact. The potential applications of AI in various industries are endless, and I believe that it can greatly benefit society as a whole if it remains in the right hand.

Despite the many benefits of AI, I also have concerns about its implications for the job market. As AI continues to advance, there is a possibility that certain jobs may become automated, leading to unemployment for many people. This could increase existing inequalities and create new challenges for society as AI works on previously loaded data. It is important for the developers to consider these potential consequences and implement measures to ensure that everyone can benefit from the advancements in AI.

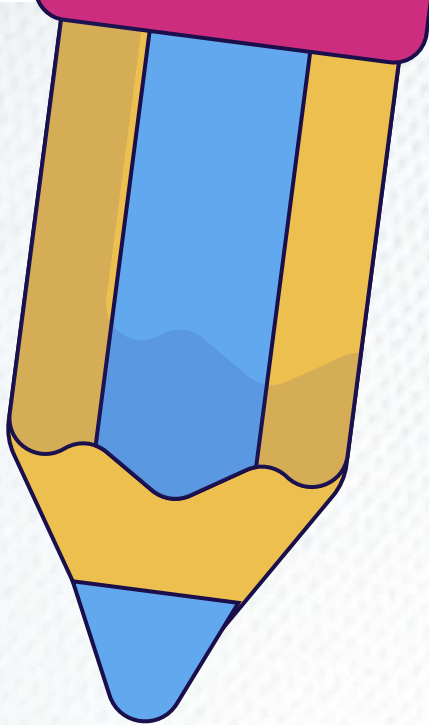

Overall, my vision about AI is that AI has the potential to revolutionize industries, improve our quality of life, and solve some of the world's most prominent problems.

By doing so, we can harness the power of AI for the greater good and ensure that it benefits everyone in a fair and equitable manner.

The Canvas

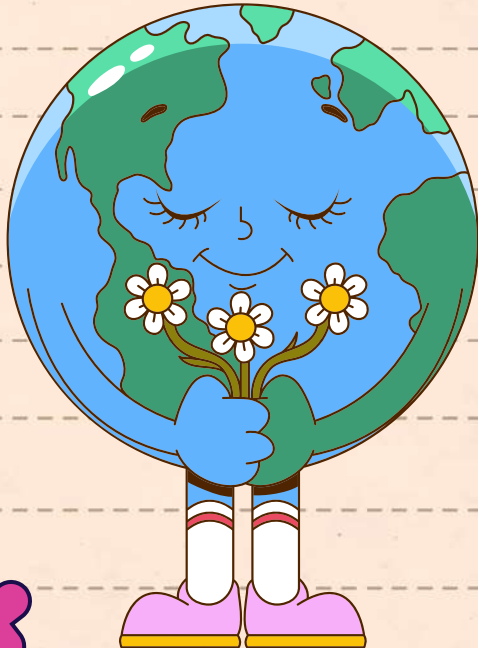

The sun sets on the horizon
And hues of pink and yellow adorn the sky
A palette of colours sits in a room
Abandoned by the one it was once held by.
There is a room in a building somewhere
Full of dreams to those who step inside
But to you, whose dreams have been lost long ago
It is but an empty shell of what could have been if
you'd tried.

Each wall stays covered with wonder
Cities, smiles neither getting ever younger
There sits an empty canvas in the corner
Abandoned by its owner.
The canvas will stay unpainted until it's your turn
But until that time will burn
Strokes with paint and tellings of life
Shall await your hand when ends your strife.

धरती माता , जीवन दाता

रंग-बिरंगी धरती हमारी
सबसे सुन्दर सबसे प्यारी,
धरती हमारी सबसे न्यारी
इसमे बस्ती दुनिया सारी,
धरती की छठा निराली
चारो ओर फैली हरियाली,
धरती को नहीं अभिमान
हमारी धरती सबसे महान,
सुन्दर-सुन्दर बाग बगीचे
ऊँचे-ऊँचे पर्वतों का नज़ारा,
नदियों की बहती धारा
खेतों में फसलो की बहार,
पेड़ों पर ची-ची करती चिड़ियाँ
बागों में नाचते मोर,
सब कुछ हरा-भरा धरती पर
इसलिए धरती जीवन दाता,
कर्तव्य हमारा भी बनता है,
रक्षा करे हम इसकी
हरा-भरा रखे इसको हम,

स्वच्छ भारत अभियान

स्वच्छ भारत अभियान सबसे महत्वपूर्ण स्वच्छता अभियान है। समाज के विभिन्न वर्गों के लोग आगे आए और स्वच्छता के इस जन आंदोलन का हिस्सा बने। यह एक जन आंदोलन बन चुका है क्योंकि इसे लोगों का भरपूर समर्थन मिल रहा है। हमें सड़कों पर बिखरे हुए कचरे को कूड़ेदान में फेंकना चाहिए। हमें प्रकृति को ध्यान में रखकर पेड़-पौधे लगाने चाहिए। हमारे प्रधानमंत्री द्वारा यह एक बहुत विशेष कदम उठाया गया था। यह आंदोलन 2 अक्टूबर 2014 को शुरू हुआ था। श्री नरेंद्र मोदी जी ने स्वच्छ भारत मिशन की नई दिल्ली राजपथ पर शुरुआत की थी। यह गांधी जी के विचारों से शुरू किया गया है क्योंकि गांधी जी ने आजादी से पहले सपना देखा था कि हमारा देश भी विदेशों की तरह स्वच्छ हो।

मेरी प्रिय बहन

कुछ साल पुरानी बात है, जब मैं मेरे परिवार में सबसे छोटा हुआ करता था, सभी मुझसे बहुत प्यार करते थे और मेरी हर एक इच्छा या ज़रूरत को पूरा किया करते थे, परन्तु मैं फिर भी अपने आप को अकेला महसूस किया करता था। मैं हमेशा किसी साथी की कमी को महसूस करता था और सोचता रहता था कि मेरे घर में भी कोई छोटा भाई या बहन होता तो कितना मज़ा आता और मैं उसके साथ दिनभर खेलता। एक दिन मुझे पता चला कि मेरे किसी रिश्तेदार के यहाँ एक नन्हें बच्चे ने जन्म लिया है, तो यह सुनकर तो मुझे रोना ही आ गया। मुझे रोता देखकर मेरे माता - पिता बोले कि तुम क्यों रो रहे हो ? तो मैंने बोला कि सभी लोगों के घर पर भाई-बहन होते हैं परन्तु मेरे घर में मैं अकेला हूँ। मेरे घर में भी मेरी छोटी बहन होनी चाहिए। ऐसे करते करते एक वर्ष बीत गया और एक वर्ष बाद मेरे घर पर भी एक नन्हीं परी ने जन्म ले लिया और भगवान् ने मेरी इच्छा पूरी कर दी। उस समय मैं इतना खुश था कि मेरी खुशी का ठिकाना नहीं रहा। अब जब-जब वह हँसती, खेलती, गुस्सा करती है और भाई कहकर पुकारती है तो मुझे बहुत खुशी होती है। मेरी बहन के आने से हमारे परिवार की खुशियाँ बढ़ गई हैं। मैं भगवान् से प्रार्थना करता हूँ कि भगवान् मेरी बहन को हमेशा खुश रखे और हम सब मिलकर रहें।

जादुई छड़ी

एक बड़े सेठ के यहाँ 10 नौकर काम किया करते थे। सेठ के दुकान पर आए दिन कुछ न कुछ सामान गायब हो जाता था और किसी को भी इस बात की खबर तक नहीं होती थी। सेठ जी परेशान थे क्योंकि बहुत बार कई कीमती सामान दुकान से गायब हो चुके थे। एक दिन सेठ ने सभी नौकरों को बुलाया और सबसे पूछताछ की व सबकी तलाशी भी हुई पर सभी नौकर खुद को ईमानदार ही बताते रहे, तलाशी में भी कुछ नहीं निकला। सेठ जी दुकान में हो रही चोरी से बहुत परेशान थे, उन्होंने अपने एक संबंधी को बुलाया जो बहुत बुद्धिमान था और सारी घटना बताई। अगले दिन उस बुद्धिमान व्यक्ति को लेकर वे दुकान पहुँचे। बुद्धिमान व्यक्ति, 10 छड़ी अपने साथ लाए हुए थे, और उन्हें सभी नौकरों को देते हुए बोला, यह एक जादुई छड़ी है। जो भी व्यक्ति चोर होगा, अगली सुबह उसकी छड़ी 3 इंच तक बढ़ जाएगी। आप सभी को सुबह छड़ी के साथ उपस्थित होना है।

अगली सुबह सभी नौकर छड़ी के साथ उपस्थित थे, बुद्धिमान व्यक्ति ने सभी छड़ी की जाँच की, जाँच करते हुए उन्होंने पाया कि एक व्यक्ति की छड़ी 3 इंच कम है। उन्होंने सेठ के सामने चोरी करने वाले उस व्यक्ति को पेश किया जिसकी छड़ी 3 इंच कम थी। उस नौकर ने भी अपना गुनाह कबूल किया।

यदि वह व्यक्ति ईमानदार होता तो वह छड़ी के विकास को लेकर कभी नहीं डरता, उस नौकर ने पहले से ही अपनी छड़ी 3 इंच कम कर दी थी क्योंकि उसे डर था कि कहीं अगली सुबह उसकी छड़ी लंबी न हो जाए।

शिक्षा - ईमानदार व्यक्ति को किसी बात का डर नहीं होता, वह रात में चैन की नींद ले सकता है और सिर उठाकर अपना जीवन व्यतीत कर सकता है।

अकेला वह ही है जब मेरे साथ कोई नहीं होता
सच्चे प्यार का एकमात्र अर्थ.. ..
यदि वह इस धरती पर एक मिथक होता,
तो जीवन का कोई नहीं मूल्य होता
वह कोई साधारण व्यक्ति नहीं,
वह हर किसी का प्यार है
ऊँच-नीच में सबके साथी,
वह कृष्ण कन्हैया लाल हैं

कुछ काम करो, न मन को निराश करो
पंख होंगे मजबूत, तुम सपनों में साहस भरो,
गिरोगे लेकिन फिर से उड़ान भरो,
सपनों में उड़ान भरो।

तलाश करो मंजिल की, ना व्यर्थ जीवनदान करो,
जग में रहकर कुछ नाम करो, अभी शुरुआत करो
सपनों में उड़ान भरो।

समझो खुद को, लक्ष्य का ध्यान करो,
यूं ना बैठकर बीच राह में, मंजिल का इंतजार करो,
संभालो खुद को यूं ना विश्राम करो,
सपनों में उड़ान भरो।

बहक जाएं गर कदम, तो गुरु का ध्यान करो,
तुम पा ना सको ऐसी कोई मंजिल नहीं,
हार जीत का मत ख्याल करो,
सपनों में उड़ान भरो।

मीठी वाणी

व्यक्ति द्वारा बोले गए मधुर-कोमल शब्द जहाँ मित्रता का विस्तार करते हैं, वहीं कटु-कठोर शब्द शत्रु-भाव बढ़ाते हैं। मनुष्य-मनुष्य का संबंध वस्तुओं के आदान-प्रदान पर उतना निर्भर नहीं करता जितना कि शब्दों के आदान-प्रदान पर करता है। व्यवहार में देखने में आता है कि अपने घर आए व्यक्ति के लिए यदि आप स्वागत के दो शब्द कह देते हैं, तो आपके द्वारा की गई साधारण अतिथि-सेवा भी उसे अच्छी ही लगेगी, किंतु यदि उसके खान-पान तथा रहन-सहन की समुचित व्यवस्था करने पर भी आप कुछ कड़वी-कठोर बात कर जाते हैं तो सारा करा-धरा व्यर्थ हो जाता है और सत्कार के स्थान पर आप उसके द्वेष के पात्र बन जाते हैं। मनुष्य के कटु-कठोर वचन कहीं-कहीं अत्यधिक अनिष्टकारी सिद्ध होते हैं। मनुष्य अपनी मधुर वाणी से शत्रु को भी अपना बना सकता है। ऐसा व्यक्ति समाज में आदर प्राप्त करता है। विद्वानों ने मधुर वचन को औषधि के समान कहा है। कवि कबीर दास जी ने मीठी बोली का महत्त्व को बताते हुए कहा है।

“ऐसी बाणी बोलिए मन का आपा खोय।
और न को सीतल करें, आपहुँ सीतल होय॥”

बचपन लौट कर नहीं आता

कब बड़े होते चले गए और
बचपन हमारी आँखों से ओझल होता चला गया
और हमें पता ही न चला,
बचपन की वो यादें, कितनी खुशहाली थी वो
हर पल नटखटपन, हर बात पर रूठ जाना,
फिर हँस कर मान जाना, कभी तितलियों के पीछे भागना,
कभी पापा की वो डांट, कभी मम्मी का लाड़
जैसे हाथ में रेत आकर फिसल जाती है,
जैसे समय एक बार आकर चला जाता है
वो वापस नहीं आता उसी तरह बड़ा होने के बाद
बचपन लौट कर कभी नहीं आता।

मोबाइल फोन

हाथों में मोबाइल लिए और चेहरे पर स्माइल लिए
आज की युवा पीढ़ी का है कहना कि मोबाइल है हमारा गहना।
जो कल था वो आज नहीं हो सकता
बिना मोबाइल काम नहीं चल सकता
हर किसी को चाहिए मोबाइल
क्योंकि यही है आज का स्टॉइल।
जरूरत के नाम पर स्टॉइल बन बैठा है
चाहे संग साथी न हो पर साथी बन बैठा है
जो न रखे मोबाइल वो पिछड़े वर्ग का कहलाता है
बिना इसके कोई कहीं नहीं जाता है।
माना मोबाइल से होते अनेक फायदे हैं
पर क्या भूल गए समाज के भी कुछ कायदे हैं ?
सड़क पर चलते वक्त क्या बात करना जरूरी है?
जरा बताओ ऐसी भी क्या मजबूरी है?
कैमरा बना अच्छे मोबाइलों की पहचान,
बिना इसके मोबाइल की न कोई शान।
आज का मोबाइल तो भविष्य भी बताता है
अलार्म इसका सुबह समय पर जगाता है।
यह छोटा-सा मोबाइल तो बहुत काम आता है।
यह विज्ञान का वरदान है, इसे वरदान ही रहने दो,
अभिशाप न होने दो, यह एक मोबाइल है इसे मोबाइल ही रहने दो।

भूलना नहीं

भूलो सभी को मगर माता-पिता को भूलना नहीं
उपकार अनगिनत हैं उनके
इस बात को भूलना नहीं।
पत्थर पूजे कई, तुम्हारी रक्षा की खातिर
स्वयं भूखे रहकर भी जिसने तुम्हें बड़ा किया
पूरे करो अरमान उनके बात यह भूलना नहीं।
लाखों कमाते हो भले ही
पर माता-पिता से ज्यादा नहीं
सोकर स्वयं गीले में, सुलाया तुम्हें सूखी जगह में।
मां की उन आंखों को
फिर कभी भिगोना नहीं
धन तो मिल जाएगा मगर
मां-बाप क्या मिल पायेंगे ?

Mon professeur préféré

Mon professeur de cinquième année, Mme Jasica, occupe une place particulière dans mon cœur.

Grâce à son attitude douce et à sa présence bienveillante, elle a créé un espace sûr et solidaire où

chaque élève se sent valorisé et respecté. Mme Jasica avait le don de rendre l'apprentissage

amusant et interactif, en incorporant des jeux et des activités créatives dans nos cours. Elle a pris

le temps de comprendre les forces et les défis de chaque élève, en lui apportant une attention et

des encouragements personnalisés tout au long du parcours. Au-delà des universitaires, elle a

inculqué des valeurs importantes comme l'empathie, le travail d'équipe et la persévérance, qui

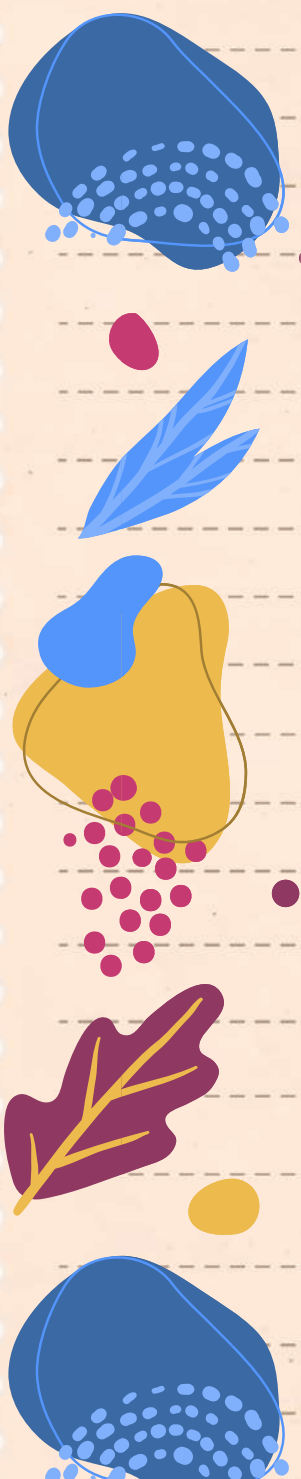

continuent de me guider aujourd'hui. Le dévouement inébranlable de Mme Jasica envers ses

étudiants m'a laissé une impression durable, façonnant non seulement mon parcours académique

mais aussi mon caractère. Elle est plus qu'une simple enseignante ; elle est un mentor, un modèle

et une source d'inspiration.

Ma première fois pour les évaluations finales : Une petite aventure !

Bonjour, mon jeune ami ! Parlons des évaluations finales (Fas), un moment spécial où nous montrons ce que nous avons appris. Voici un mini-rapport rédigé par ta propre Mishti Garg de -5.

Qu'est-ce que les FAs ? Les FAs sont comme des tests magiques où nous partageons notre savoir. Imagine-les comme des chasses au trésor pour nos cerveaux !

L'excitation : Quand vient le moment des FAs, nos crayons dansent sur le papier. Nous répondons à des questions sur les chiffres, les lettres et les histoires.

Bonnes vibrations : Nos enseignants nous encouragent, et nous nous sentons comme des super-héros avec des capes faites de confiance.

Autocollants sourires : Après les FAs, nous recevons de petits autocollants en forme d'étoiles qui disent "Super travail !" Nos sourires s'étirent d'une oreille à l'autre.

Célébration : Quand les FAs se terminent, nous célébrons avec de la danse, des fêtes en classe et des journées sans cartable.

Les FAs sont notre chance de briller ! Laissons notre savoir étinceler.

La rentrée

Le retour à l'école après les vacances peut être un mélange d'excitation et d'appréhension. En entrant dans les couloirs familiers, j'ai ressenti une bouffée de nostalgie mêlée d'anticipation pour le nouveau mandat à venir. L'air bourdonnait de bavardages alors que les amis se réunissaient, partageant les récits de nos aventures pendant la pause. En entrant dans les salles de classe, j'ai été accueilli par l'odeur des crayons fraîchement taillés et par la vue de bureaux bien rangés. Au fil de la journée, j'ai renoué avec les enseignants, impatientes de recommencer le voyage de l'apprentissage. Même si les vacances étaient terminées, la promesse de nouvelles expériences et opportunités m'attendait, déclenchant en moi un sentiment d'impatience pour les jours à venir.

Ma ville

Delhi, la dynamique capitale de l'Inde, regorge d'une riche tapisserie d'histoire, de culture et de modernité. Des monuments majestueux de son passé moghol, comme le Fort Rouge et la Jama Masjid, aux ruelles animées du vieux Delhi remplies d'arômes d'épices et d'échos de traditions séculaires, la ville incarne un mélange harmonieux de l'ancien et du nouveau. En tant que centre politique de la nation, Delhi est ornée de grands bâtiments et monuments gouvernementaux, symbolisant l'éthos démocratique et les prouesses administratives du pays. L'horizon moderne de la ville, parsemé de gratte-ciel et de centres commerciaux, témoigne de son développement rapide et de son dynamisme économique. Pourtant, au milieu de l'agitation urbaine, Delhi reste profondément enracinée dans son héritage culturel, avec des festivals dynamiques, une cuisine de rue alléchante et une scène artistique florissante qui captive les résidents et les visiteurs. Avec ses rues animées, sa population diversifiée et son kaléidoscope d'expériences, Delhi offre vraiment quelque chose pour tout le monde, ce qui en fait une ville pas comme les autres.

Ma dernière semaine

Le week-end dernier a été vraiment intéressant car j'ai fêté l'anniversaire de mon ami proche. J'ai

planifié la fête pour lui avec mes autres amis, nous sommes donc arrivés chez lui vers 11h45

parce que nous pensions lui faire une surprise, alors nous avons sonné à sa porte exactement à

midi pour lui faire une surprise. Il était vraiment content de notre surprise et on pouvait

facilement le voir sur son visage, après avoir coupé le gâteau chez lui, nous sommes sortis sortir

le soir. Nous nous sommes amusés jusqu'à 5 heures du matin puis nous l'avons tous déposé chez

lui et sommes rentrés à la maison. J'ai donc dormi vers 6 heures du matin, je me suis réveillé à 13

heures, je me suis réveillé moi-même et je me suis préparé à aller au marché avec mon amie pour

faire ses courses et nous sommes également allés au cinéma. Je suis rentré à la maison à 22

heures du soir, j'ai mangé avec ma famille et je me suis couché à 11h00.

L'humanité Diminuante

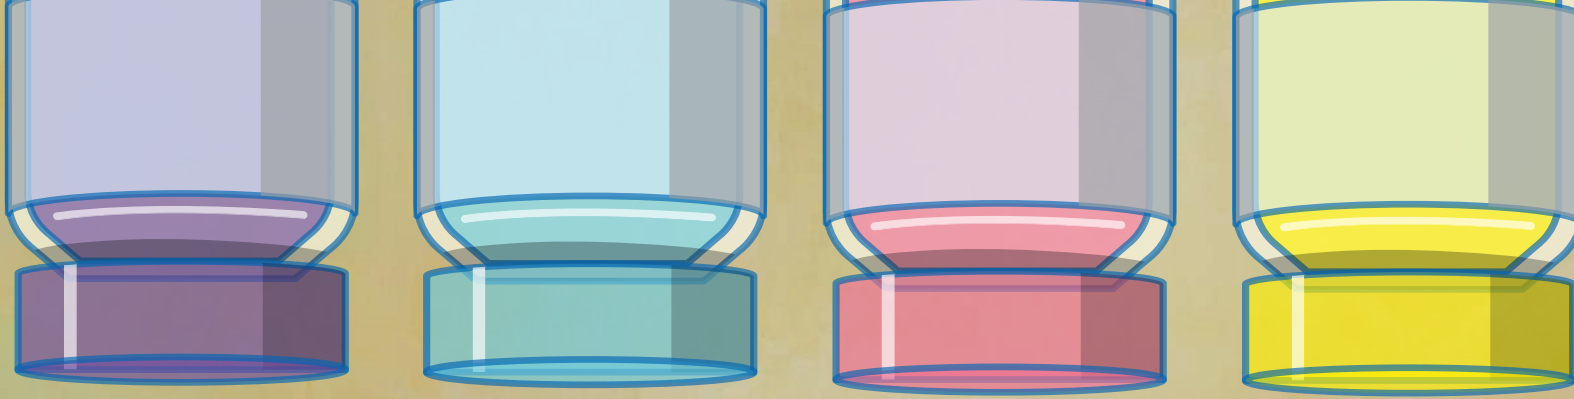

Hier soir, j'ai remarqué une chose très étrange. Il y a 2 ou 3 chiens dans notre rue. En général, ils se taisent, ils n'aboient pas. Mais hier soir, ils ont aboyé, aboyé et aboyé. On ne les empêchait pas d'aboyer. À cause d'eux, personne dans la rue ne pouvait dormir. Tout le monde est entré sur le balcon, quelqu'un leur jetait de l'eau dessus, quelqu'un leur criait dessus. Entre-temps, j'ai compris pourquoi l'humanité diminuait de jour en jour. Moi, ma mère et nos voisins avons crié après les gens lorsqu'ils franchissaient la ligne. 1 ou 2 personnes ont commencé à battre les chiens avec la laisse de leur propre chien, pensant qu'ils étaient des super-héros. Mais dès qu'ils ont commencé à battre les chiens, tout le monde a commencé à leur crier dessus, à leur jeter de l'eau et à les maltraiter. Je pensais qu'une certaine humanité est encore vivante dans le cœur des gens. Soudain, tout le monde s'est tu et a commencé à écouter attentivement, les chiens ont arrêté d'aboyer, c'était comme si la rue avait gelé pendant une minute. Nous avons tous eu très peur quand nous avons tous commencé à entendre la voix d'une fille, elle criait, sa voix ne s'arrêtait pas, elle criait à l'aide ! aide! aide! Laisse-moi! S'il te plaît!. Nous nous sommes tous dirigés vers la voix. Tout le monde a commencé à crier "donne-moi la batte", "donne-moi le couteau", certains appelaient leurs amis". Au moment où nous sommes arrivés sur les lieux, nous avons tous vu un homme allongé sur la route, 4 personnes avaient attrapé la fille, tous les deux. Les gens ont commencé à battre les coupables, l'homme a été grièvement blessé, nous l'avons emmené à l'hôpital. La fille était saine et sauve. Après notre retour, nous avons tous compris pourquoi les chiens aboyaient. Ceux qui les ont battus ont jeté de l'eau dessus. ils se sentaient désolés. Morale de l'histoire = Nous ne devrions réagir à aucune situation avant d'en connaître la raison.

I am highly satisfied with the way the entire academic program has been designed by the MRG School that gives students all the necessary exposure. The teachers are very cooperative and put a lot of effort into grooming the child. I can say this since I have seen tremendous improvement in my child. The way the communication is done well in advance for any type of event, it is easier for parents to make the necessary arrangements. I am assured about the future of my child seeing the overall growth and development. Thanks to the school for the commendable efforts!

It's really heartening to witness the growth of my child in elementary school. We must appreciate the level of effort Ankita Ma'am puts in with the kids. We have witnessed massive and exponential development in my child. I would like to show my appreciation to all the facilitators for their guidance and patience with kids. They have been a source of confidence and inspiration for my child to work hard and achieve the level where he is today. It's a collective effort that transforms these little kids into such a remarkable individual.

I am highly obliged to write a small token of gratitude for all the efforts, guidance and inputs that supported my shy and clingy child transforming into an artistic, confident and vibrant student today. Right from orientation to workshops, PTMs to Coffee with Principal Ma'am, excursions to special assemblies, each and every phase during these two years helped a lot in the all-round development of my child as well as improvising our parenting skills too. Thank you MRG for making such a creative and strong foundation of elementary education!

At MRG School, my daughter thrives in an environment that focuses on holistic development. As there is no undue pressure of academics, it ensures that she enjoys learning. I also appreciate the way they value and incorporate parents' feedback. The teachers are extremely good, professional and mature. They make sure children enjoy coming to school. As a parent, I am completely satisfied with the school.

The teachers here aim to develop physical, intellectual, emotional, cognitive and social abilities in the learners at the early stage of life which prepare them for dealing with the challenges of daily life in future. Moreover, the school also keeps the parents engaged through various activities like Sports day, Annual day, Dandiya night and they were very well organized. All the credit goes to the respected principal ma'am, Ms. Anshu Mital for all the efforts taken for the all-round development of the learners.

As a parent, I had an exceptional experience with the teachers and the school during this academic year. My daughter eagerly awaited the start of a new academic year. I accompanied my daughter to the orientation program, where I was thrilled to learn about the excellent teachers who would be guiding her. Over the time, I would like to appreciate the school's dedicated efforts to nurture the child's potential in various areas, from academics to extracurricular and sports, guiding them towards a brighter future. The teachers' humility, kindness, and diligence are truly admirable. Witnessing my daughter's growth and knowing that her future is entrusted to such caring hands fills me with joy and reassurance. I hope for continued excellence in the years to come.

The comprehensive curriculum, coupled with the supportive guidance of teachers, has greatly contributed to Jeevika's academic and personal growth. I have witnessed massive and exponential development in her. In my opinion, MRG believes in all round development of a child. The school's dedication to fostering holistic development through diverse activities has been commendable. I am truly grateful for the nurturing environment provided, which has positively shaped Jeevika's educational journey. I highly appreciate their diligent efforts, enthusiasm and passion.

As parents, we would like to take this prospect to thank the teachers for their continuous care, support, collaboration, and most importantly patience. We have witnessed massive and exponential development in my daughter. My child has grown into a confident student because of the great inputs given by the teachers and the whole family of MRG. I am impressed with the school's curriculum and teaching methods which are different from other schools. Well planned worksheets for practice make my child think beyond prescribed textbooks. I like to take this privilege to congratulate the management of the school for its endless efforts.

No words can describe how thankful I am to have Archit to be a part of the MRG family. The journey has been truly remarkable. The nurturing environment created by the teachers, with their supportive and caring nature, has made a significant impact on my child's academic journey. The school's unwavering support, regardless of the challenges faced, has been reassuring and motivating. Moreover, the plethora of co-curricular activities provided has played a pivotal role in the holistic development of my child. I am grateful for the enriching experiences and the conducive learning atmosphere this school has offered.

As a parent, I want to express my gratitude for the wonderful school my child attends. The teachers there are simply amazing. They truly care about students and go above and beyond to ensure success. Every day I see my children excited about going to school and eager to learn new things. The teachers at MRG School create a caring and supportive environment where children feel safe to explore and grow. Following a well planned curriculum and practice is what makes my son successful in National level exams. The scientific experiments in the school laboratory also helped him better understand some theoretical aspects. I am very grateful for the dedication and hard work of the teachers of MRG School. They play a crucial role in shaping the future of my children and I couldn't be happier with the education my child is receiving here. I would also like to express my appreciation to the principal ma'am for always encouraging the children for their success.

It has been a great experience with the school. The teachers are so helpful, caring and encouraging. It is a very proud moment to watch my child growing better day by day under the supervision of MRG. I appreciate the efforts made by the whole MRG faculty for encouraging students in both curricular and co-curricular activities. The workshops, competitions and several events have been really helpful and made my child more confident. I would like to thank the school for their enthusiasm, diligent efforts and passion provided each and every day.
