

MRG BITS

VOLUME III

OCTOBER - MARCH
SESSION 2023-24

From the Editorial Board

Dear Readers,

As we bid farewell to another academic year, we celebrate the culmination of creativity, innovation, and passion that have fueled our school magazine. Each page embodies the essence of our diverse community, weaving together stories, art, and ideas that transcend boundaries. From the whispers of imagination to the bold strokes of expression, every contribution ignites a spark of inspiration. Together, we have ventured into the realms of possibility, challenging norms and embracing the extraordinary. As you turn the pages of this final edition, may you be reminded of the boundless potential within each of us to create, to inspire, and to dream.

Warm regards,

Message from The Manager's Desk

Dear MRG School Community,

As I reflect on the successful culmination of our Annual Day celebrations, I am filled with immense pride and gratitude for the collaborative efforts of our students, teachers, and parents. This year's theme, centered on FAMILY, truly encapsulated the essence of unity and togetherness that defines our school community. The performances, displays, and presentations showcased not only talent but also the strong bonds that tie us together as one big family.

In addition to the Annual Day festivities, we also concluded our Gratitude Week, a time dedicated to recognising and appreciating the countless blessings and opportunities that surround us. The spirit of gratitude that permeated throughout the week served as a powerful reminder of the importance of acknowledging the efforts and support of those around us.

As we approach the eventual conclusion of this academic session, let us eagerly anticipate the opportunities and challenges that the next session will bring. Together, let us embark on this journey with renewed enthusiasm and a commitment to fostering academic excellence, personal growth, and a sense of community within MRG School.

Warm Regards

Mr. Rajjath Goel
(Manager)

Message from The Principal's Podium

Dear Readers,

As we bid farewell to the remarkable journey of the 2023-24 session, my heart overflows with pride and gratitude for the myriad of indelible moments we have collectively experienced.

From the dazzling showcase of talent during our Annual Day Celebration to the heart-warming embrace of kindness during Gratitude Week, each event has illuminated the vibrant essence of our school.

This year, the MRG community has shone brightly with unwavering brilliance, as steadfast support propelled us through every challenge and victory. Together, students, staff, and parents have exemplified unity and resilience, weaving a tapestry of solidarity and accomplishments.

As we fondly reflect on the laughter, lessons, and meaningful connections formed, let us cherish the dedication, creativity, and boundless enthusiasm that have adorned our journey. These qualities serve as a testament to our shared pursuit of excellence.

Looking ahead with great anticipation, our school is always crafting programs to align with the evolving needs of our learners. From innovative curriculum enhancements to expanded extracurricular activities, we are committed to providing a holistic educational experience.

As we embark on the forthcoming chapter, let us carry the torch of learning and support, infusing our journey with even greater vibrancy and triumphs. Here's to the enduring spirit of our community and the exciting adventures that lie ahead!

Warm Regards

Ms. Anshu Mital

(Principal)

Celebrating Excellence In Education

MRG School proudly accepted the Green Award, recognizing its unwavering dedication to sustainability. Through innovative initiatives and tireless commitment, the school championed environmental stewardship, inspiring a generation to embrace eco-conscious practices.

Ms. Anshu Mital, our revered school Principal, gracefully accepted the esteemed Avantika Rashtriya Amrit Mahotsav National Award. Her profound impact on education resonated nationwide, symbolizing her unwavering commitment to fostering brilliance and shaping future leaders. This accolade honored her legacy of excellence, leaving an enduring legacy in our hearts.

Our school Principal, was recognized by School Canvas and Eldrok for her outstanding dedication to promoting 21st-century skills among students. Her visionary approach and tireless efforts in preparing students for the future were celebrated, leaving a lasting impact on the educational landscape.

Our esteemed school Principal, was acclaimed as the 2024 Principal of the Year at the 10th Edu Leader Summit Award. Her visionary leadership, unwavering dedication, and transformative impact on education have left an indelible mark, inspiring students and educators alike.

In a remarkable recognition of unwavering dedication and pioneering approach, our esteemed Principal, Ms. Anshu Mital has earned the prestigious Shilpkar Award in the Avishkaar League 2023. Her outstanding achievement not only stands as a testament to her remarkable leadership but also serves as a wellspring of inspiration for our students and the entire school community.

Ms. Ayushi Jain, a dedicated Math faculty member, was celebrated as the top teacher in the Innovative Teaching category by FAP. Her inventive approach to education ignited passion and curiosity in her students, leaving an unforgettable impact. This accolade recognized her transformative teaching methods, inspiring a new generation of learners.

Ms. Bhavna Grover, our Political Science faculty member, garnered acclaim as the recipient of the prestigious 'Innovative Teacher of the Year Award' at the Bharat Samman Nidhi Puruskar 2024, hosted by ISRHE and endorsed by NITI Aayog. The accolade, bestowed at the esteemed Delhi Vidhan Sabha ceremony, was presented by the Honorable Speaker, Shri Ram Niwas Goel Ji.

Ms. Aastha Bhayana, a Primary Math Teacher, dedicated a month to collaborating with the National Council of Educational Research and Training, contributing significantly to the development of math book content for Grades I and II. Her contributions are indeed a source of great pride and appreciation!

We rejoice proudly in proclaiming that our Senior Academic Coordinator, Ms. Ruchi Gupta (PGT Chemistry) has been nominated by CBSE among top six Chemistry Teachers across India as an honorable member to a committee constituted to develop Capacity Building Programme on Practice of Experimentation in School Labs Chemistry. The cluster will be accountable to finalize the content of the sessions as per CPD guidelines, along with preparation of handouts, activity plan and presentations.

COMMUNITY DAYS

Greet the Greatness

The Gratitude Week Celebration at MRG School was a resounding success, achieving its objectives of promoting reflection, expression, and unity. By encouraging reflection and expression of gratitude, the celebration contributed to creating a positive school culture where appreciation for one another is valued. A significant part of the celebration was dedicated to a donation drive for war widows. Students and their families generously contributed to ease the lives of those who have lost loved ones in the service of the nation. By providing a platform for students to actively engage in activities centered around gratitude, the event contributed to the creation of a positive and appreciative school environment. The celebration underscored the school's commitment to holistic education by nurturing values that extend beyond academic learning.

Visit to Old Age Home

The students of grade VI – XII visited 'Shiv Ashray', the old age home where they sought the blessings of elderly. Students had a great time with all the people there as they tried to grasp life skills through their experiences. They all danced, showcased their talent and also ate some scrumptious snacks together. It was an enriching experience for all the MRGians.

Gourmet Gratitude

Grade VIII students displayed generosity by arranging a special lunch for the fourth-grade staff, showcasing kindness and appreciation. This thoughtful gesture fostered camaraderie and gratitude within the school community, highlighting the importance of empathy and teamwork among students.

The Kaleidoscope

National Programme

Magic Paper Towel

With an aim to build up student's scientific knowledge, understanding and competencies, the Magic Paper Towel experiment was conducted to provide an opportunity to students to widen their horizon and deeply understand the floating nature of paper towels and its pattern.

Wanderlust Adventures

Our young adventurers delved into the wonders of travel by morphing into various modes of transportation, immersing themselves in the journey with boundless delight. From planes to trains, they reveled in the exploration of diverse travel experiences, sparking their imaginations.

All About Shape

Our young learners immersed themselves in the realm of shapes, where they paired vibrant cutouts with their corresponding shape names. This purposeful activity was crafted to bolster their cognitive agility, visual acumen, and mathematical understanding.

Zoovaganza

To promote environmental awareness, our toddlers represented a deep understanding of animal habitats and showcased their artistic skills by creating pet, farm and wild animal homes through crafting and collages.

Fun with numbers

To foster mathematical proficiency, students engaged in constructing number charts with empty matchboxes, practicing identification of preceding and succeeding numbers.

This hands-on activity was tailored to enhance numerical comprehension, advancing students' mathematical acumen and skills.

of Knowledge

Jungle Safari

To explore the adventures of the animal world, our tiny tots enthusiastically engaged themselves in fun filled role play activity, wherein they brought the animal kingdom to life. From powerful lions to loyal dogs and playful rabbits, students creatively stepped into the world of animals.

Beauty of Black

To honor the richness and significance of black, our MRGians commemorated Black Color Day with enthusiasm, delving into its multifaceted attributes through engaging in various enjoyable activities, celebrating its beauty and cultural significance.

Aquatic Discoveries

Engaged in the float and sink experiment, our little scientists discerned the behaviour of objects in water, fostering logical reasoning, sharpening observation, and refining motor skills.

The activity brimmed the learners with joyful learning and excitement!

Clown Clatter

Our young learners embarked on a whimsical adventure into Clown Clatter, delving into the realm of sight words.

Through vibrant exploration, they transformed reading into a joyous and imaginative voyage.

The Air Pressure Adventure

Our budding scientists witnessed the enchantment as glass and candle unveil the invisible force of Air Pressure.

This engaging activity, meticulously crafted to foster a passion for science, offered young minds an immersive exploration into scientific phenomena.

Math Mysteries

Our learners had an incredible time learning about comparing numbers. They explored the world of greater and smaller signs with enthusiasm and curiosity. From comparing numbers to understanding the magic of math it was a delight to see them enjoying the activity.

Fun with Addition

Our tiny tots eagerly delved into the world of numbers, embracing playful exploration to enhance their mathematical comprehension. Through spirited participation, they embarked on a journey of discovery, making learning both creative and joyful.

Popcorn Words Drill

Our young adventurers plunged into a thrilling phonics expedition, constructing and mastering sight words with blocks! This literacy escapade not only ignited their reading journey but also laid the cornerstone for a lifetime of literary exploration and enjoyment.

Forces of India

In a captivating feature, our kindergarteners transformed into the pride of India's armed forces! Dressed in Army, Navy, and Air Force attire, they embodied the spirit and valor that define our nation's strength and beauty.

Volcanic Ventures

During Wonder Time, our kindergarten students embarked on a thrilling scientific journey! Their faces lit up with excitement as they concocted volcanic eruptions, blending baking soda and vinegar to unveil the captivating wonders of chemistry in action.

Winged Wonders

Our young toddlers soared into the enchanting realm of feathers, crafting vibrant wings to embody the essence of "Winged Wonders." This hands-on exploration invited them to discover the beauty and grace of flight, igniting their imaginations and fostering a deep connection with nature's marvels.

Our Cosmic Wonder

In an exploration of the cosmos, our toddlers crafted vibrant models of solar systems, aiming to grasp patterns and enrich their understanding of celestial bodies. This hands-on activity illuminated their curiosity about the universe's wonders.

Bosom Buddy

To celebrate the joy of having a magnificent friend with us, our young learners presented fun and interesting facts about their huge friend, which helped them to boost their knowledge as well as improve their oratory skills.

Honoring Heroes

Our Grade I students engaged themselves in role play activity, wherein they enacted the iconic and legendary personalities of our nation which not just helped students learn about these superstars of India, but also provided an opportunity to our students to showcase their presentation skills.

Hands on 3D Shapes

The extreme inquisitiveness in our young learners encouraged them to explore ways to enhance their knowledge and level of expertise. Therefore our Grade I students learnt 3D shapes all by their own by crafting different shapes to understand their dimensions, designs and patterns.

विशेषण मटका

कक्षा १ के छात्रों ने उत्साहित होकर इस गतिविधि में भाग लिया जिसमें छात्रों ने एक मटका बनाकर उसमें अपने आसपास की चीजों को देखकर उनकी विशेषता बताई। इस गतिविधि से छात्रों की मौखिक कौशल के साथ-साथ पठन एवम लेखन कौशल की वृद्धि हुई।

Fun with Shapes

Our enthusiastic learners of Grade II engaged in a dynamic hands-on activity, creatively shaping various forms to deepen their understanding of shapes. Through playful exploration, they honed their creativity and enriched their learning experience.

Fraction Biosphere

The learners of Grade III delved into fractions, mastering the numerator-denominator dance. In the "Fraction Biosphere" activity, they showcased creativity, crafting birds and animals with cut-outs adorned in myriad fractional shapes.

Adjectives Adventure

To enhance the knowledge and improve the level of understanding about adjectives, our Grade II learners enthusiastically participated in the adjective web activity, wherein they pasted the picture of an object in their web and then described it through various corresponding adjectives.

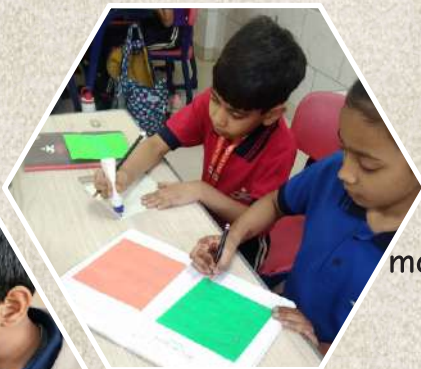

Link and Locate

Learners mastered the art of English through their attempts in order to improve their grammatical concepts, such as prepositions, in which the learners entered into a playful world and showcased the position of a ball through their creative drawing.

Division Square Puzzle

The enthusiastic learners of Grade III recently engaged in the "Division Square Puzzle" activity with great zeal.

Through this engaging task, they not only solved the puzzle but also discovered the correct answers, showcasing their developing mathematical prowess.

Geometry Geoboard

Equipped with rubber bands, the students of Grade IV explored geometry creatively and crafted various shapes, reinforcing key mathematical concepts by calculating perimeters.

This hands-on approach made learning enjoyable and enhanced their understanding of geometric principles and measurement.

वरदान वाला पक्षी - हुदहुद

हिंदी गतिविधि के अंतर्गत कक्षा चार के विद्यार्थियों को पढ़ाए गया पाठ "हुदहुद" पर आधारित एक गतिविधि कक्षा में करवाई गई जिसमें पक्षियों के बारे में अन्य जानकारियां जैसे उनका आकार, प्रजाति, जीवन, रंग-रूप आदि दी गई। इस गतिविधि में बच्चों ने एक चित्र द्वारा हुदहुद पक्षी को प्रस्तुत किया।

धातु यंत्र

कक्षा ५ छात्राः पूर्णोत्साहेन धातु आचरितः,
सर्वेषु कार्येषु छात्राः उत्साहेन भागं गृहीतवन्तः। अस्मिन्
गतिविधि वयं धातु रूपस्य कृते विविधानि कार्याणि आयोजयित्वा।

States of Splendor

Embarking on a visual odyssey, our young learners transformed into representatives of India's diverse states, skillfully navigating the intricacies of the nation's rich tapestry, exploring its vibrant cultures and histories along the way.

Trade Titans

In an engaging role-play, seventh-grade students adeptly explored the concept of Comparing Quantities, delving into the nuances of profit and loss. Through this dynamic activity, they not only showcased their understanding but also honed their skills, gaining valuable insights into the practical applications of mathematical concepts.

Vanishing Spectrum

The students of Grade VII demonstrated how white light comprises seven distinct colors in a fun filled activity. As they rotated the disc, the individual colors gradually merged into white, illustrating the fascinating phenomenon of color blending within light.

Don't let the precious Green gold melt!

The students of Grade VII embarked on a mission to preserve Earth's green gold using their artistic talents. They beautifully portrayed the intricate layers of trees found within the forest, raising awareness of the importance of preserving nature's treasures.

Unveiling the Geometry of Trapezium

The students of class VIII engaged in a hands-on experimentation, unraveling mathematical concepts through interactive learning. They delved into the intricacies of trapeziums, fostering a deeper understanding of geometric principles through practical exploration.

Cambridge International Programme

Health & Hygiene First

Promoting hand hygiene is crucial to prevent the spreading of illnesses and maintaining overall health. With great gusto, the learners of CAIE I created posters carrying a visually compelling message, to encourage among peers the habit of washing hands.

Bill boarding Brilliance

The learners of CAIE I created Venn diagrams showcasing the types of animals living on land and water. They rejoiced during this activity and gained knowledge about the creatures and their habitat.

Nutrition Pyramid

A pictorial representation of balanced diet was done by Grade II scholars through a food pyramid. Not just classifying food clusters in each shelf, the emphasis was also on specifying how much food one must consume overall to achieve a healthy, balanced diet.

Artistic Abodes

Learners of CAIE II gathered information about different habitats of animals and favorable conditions which benefit them to survive.

The artistic display of prodigious models highlighted the main features of their setting.

Mercury Rising

Using mathematics as a medium of learning about measurement, our Grade III learners were involved in the creation of a thermometer. During this hands-on experience, they also conversed about its pivotal role in monitoring body temperature.

Seismic Constructions

Grade IV learners probed into the intriguing world of seismology by detecting seismic waves and understanding fault lines by creating their own seismograph models.

This enabled them to gain firsthand insight into the science behind tremors.

Discovering Earth's Riches!

With keen eyes and curious minds, our brilliant Grade III learners delved into the world of geology, observing and categorizing different types of rocks and minerals.

The engaging discussions uncovered the diverse beauty hidden beneath the Earth's surface and inculcated a deeper appreciation for the natural wonders around us.

Fun with Fireless Cooking

Learners of Grade IV engaged in fireless cooking, showcasing creativity in dish planning and precision in drafting cooking instructions. This activity cultivated culinary skills and attention to detail enhancing their practical knowledge and persuasive writing abilities.

Crust to Core Chronicles

The inquisitive learners of grade IV embarked on an exhilarating journey to unravel the mysteries of Earth's structure. Armed with hands-on materials and captivating visual aids, they delved into the layers that cloak our planet the crust, the mantle, and the core.

Earth's Day-Night Symphony

The students of Grade IV enthusiastically participated in a hands-on science activity, delving into the day and night model of the Earth. Through keen observation and creative expression, they meticulously crafted diagrams to illustrate the Earth's rotation, vividly showcasing the seamless transition between day and night.

भाषा जागरूकता पोस्टर

कक्षा ४ विश्व हिन्दी दिवस १० जनवरी को सभी विद्यार्थियों ने हिन्दी भाषा जागरूकता पोस्टर बनाकर मनाया। सभी विद्यार्थियों ने हिन्दी में कविता और कहानी सुनाकर अपने विचारों को सबके साथ साझा किया।

Meticulous Mapping

Learners of Grade V

honed observation and cartography skills during a school visit, meticulously mapping the campus. This hands-on experience fostered spatial awareness and critical thinking, enriching their educational journey.

Directional Race

CAIE Grade V learners engaged in a directional race activity, where they decoded instructions to understand programming and algorithms. This hands-on activity aimed to enhance their comprehension of these concepts through practical application.

सत्य की जीत

कक्षा ५ दशहरा गतिविधि में सभी विद्यार्थियों ने असत्य पर सत्य की जीत विषय पर अपने विचार कठपुतली बनाकर व्यक्त किए और 'विजय हमेशा सत्य की होती है' यह संदेश जन-जन तक पहुंचाया।

Timeless Tidings

Annual Day Celebration

Gathered under the embracing theme of "F.A.M.I.L.Y- Father.And.Mother.I.Love.You", our Annual Day Celebration radiated enchantment, uniting the entire community in a tapestry of warmth and togetherness. Esteemed guests, including Mr. Himanshu Gupta (Secretary, CBSE) and Padma Shri Awardee Dr. Jitender Singh Shunty, adorned the occasion with their presence. The evening unfolded with mesmerizing student performances, each a kaleidoscope of familial bonds portrayed through music, dance, and drama. Beyond entertainment, these acts resonated with profound messages, extolling the virtues of love, unity, and support within strong family units. As the event concluded, a collective vow echoed to nurture and cherish these connections, enriching both school and community alike.

Timeless Tidings

Kindergarten Graduation Day

The kindergarten graduation day was a jubilant affair, brimming with excitement, pride and a touch of nostalgia. As the young graduates filed into the auditorium adorned in miniature caps and gowns, their faces radiated with anticipation. Parents and family members looked on with pride and teary eyes as each child received their diploma, symbolizing their transition to the next phase of their educational journey.

Farewell Ceremony

The Farewell ceremony for Class XII took place at MRG School, marking a significant milestone in the academic journey of these graduating students. The event was a grand culmination of years of hard work, dedication, and academic excellence. The heart of the ceremony was undoubtedly the moment of awarding diplomas. This symbolic gesture marked the official transition from students to graduates, signifying their academic accomplishments and readiness for the next phase of life.

Halloween

Celebrating Halloween at MRG was a delightful fusion of creativity, camaraderie, and spooky fun. The school premises underwent a magical transformation, with classrooms and corridors adorned in eerie decorations, including cobwebs, skeletons, and jack-o'-lanterns. As laughter and spooky tales echoed through the hallways, it became clear that the Halloween celebration had not only provided a break from routine but had also created lasting memories of a day filled with laughter, creativity, and a touch of delightful fright.

Dandiya Delight

The Dandiya Night celebration held at the school during the Diwali festival was a pulsating and joyous event that captivated everyone with its cultural richness and lively atmosphere. The event fostered community engagement, bringing families and friends together to celebrate the Diwali season. Students and parents, dressed in colourful and traditional Indian attire, not only embraced the festive spirit but also participated in a lively costume contest.

Spectrum

The Talent Show at our school was a dazzling display of the diverse talents and passions of our students. From mesmerizing musical performances that stirred the soul to captivating dance routines that lit up the stage, the event showcased the incredible range of artistic abilities within our school community. It was a day to remember, filled with laughter, applause, and moments of pure inspiration, leaving an indelible mark on our school's cultural landscape.

Fun Run Fiesta

The Fun Run Fiesta Event for elementary school was a resounding success, bringing together students and parents in a celebration of sports, fitness, and family fun. Through a diverse range of sports activities and recreational games, the event encouraged physical activity, teamwork, and healthy living. It provided a valuable opportunity for students and parents to bond, interact, and create lasting memories together.

Blessing Ceremony

The Blessing Ceremony for Class XII students was a spiritually uplifting and culturally significant event. The ceremony, which combined the elements of a traditional hawan with blessings for the graduating students, created an atmosphere of spiritual resonance and positive energy. As the students prepared to step into a new chapter of their lives, the blessings and positive energy generated during the hawan served as a guiding light, inspiring them for the challenges and opportunities that lay ahead.

Learning Triangle - Students, Parents & Staff in Action

Teachers

Capacity Building Programme on Learning Outcomes & Pedagogies

MRG School recently hosted a CBSE workshop on 'Learning Outcomes and Pedagogies' which was attended by educators from Delhi. Aimed at enhancing student learning experiences, it emphasized mental well-being, aligned teaching strategies with learning outcomes, and featured interactive activities tailored to subjects, fostering collaboration and professional growth for improved student outcomes.

Ancient Wisdom, Futuristic Learning: Unleashing the Potential of Education

Ms. Anshu Mital (Principal), Ms. Ruchi Gupta (Academic Coordinator), and Ms. Kanika Sharma (PGT IP) participated in the workshop under the auspices of NPSC (National Public School Conference). This workshop was designed to provide a distinctive and valuable educational experience, uniting educators, policymakers, and influential thinkers from NPSC Schools. Its aim was to explore forward-thinking approaches that bridge the gap between time-honored wisdom and forward-looking learning methodologies.

Underpinning Key Pedagogies of Global Perspectives

The India Habitat Centre buzzed with energy as educators delved into a Global Perspective workshop. Guided by the insightful Ms. Achama Mathew, attendees explored the art of conducting GP classes, discovering the rich rewards and importance of this curriculum. Excitement peaked as upcoming books for grades I, II and III were unveiled, promising boundless learning adventures ahead.

Capacity Building Programme on Economics

A stimulating Economics workshop at Lions Public School, Ashok Vihar, led by Dr. Saurabh Malhotra and Ms. Nishtha Kwatra, empowered educators with innovative teaching strategies. Participants gained proficiency in addressing numerical and diagrammatic challenges, alongside mastering competency-based question design using Bloom's Taxonomy.

Enhancing Teaching Practices through Innovative Methods

In an enriching National Curriculum Framework workshop, educators gleaned invaluable insights. From prioritizing phonological awareness over phonics to fostering responsibility in children for problem-solving, participants embraced NCF's emphasis on print form introduction and activity-based learning. Additionally, the importance of ample student progress documentation was underscored, recognizing the myriad responsibilities in nurturing young learners.

National Progressive Schools Conference

The school Principal along with Academic Coordinator Ms. Pallavi Jain, Ms. Sucharita Mehta and Harshita Prabhakar had the honor of participating in the NPSC conference, dedicated to nurturing minds and fostering mental health. The experience resonated deeply, highlighting the commitment to promoting wellness across ages. The sessions, enlightening and empowering, underscored the importance of destigmatizing mental health conversations and cultivating supportive environments.

Underpinning Key Pedagogies of Mathematics

Delving into the core pedagogies of the latest Cambridge IGCSE Maths resource, the workshop proved engaging and enlightening. Attendees gained insights into the updated exam pattern and explored a diverse range of activities, fostering a deeper understanding of effective teaching methodologies.

Empowering English Educators

A dynamic workshop on English Language and Literature at SD Public School featured expert educators, Ms. Ruchi Sengar and Ms. Sanjana Mittal. Their insightful teaching strategies in reading, writing, grammar, and literature were showcased over two days, leaving attendees inspired to tackle pronunciation and writing challenges. Notably, participants gained proficiency in crafting competency-based questions using Bloom's Taxonomy.

Exploring Science

At Guru Sharan Convent School in Paschim Vihar, a captivating workshop convened on December 22nd, 2023, spearheaded by Ms. Garima and our Sr. Academic Coordinator Ms. Ruchi Gupta. Focused on science education, the session delved into experiential learning methods, offering attendees practical insights into enriching classroom instruction with interactive activities.

A Time To Care

Ms. Yashica Grover and Ms. Latika Sharma from Social Science Department have triumphantly finished "A Time To Care" creative inquiry program, designed for students, focusing on gendered labor and social justice. This initiative was developed by Flow India and commissioned by the Laws of Social Reproduction project, funded by the European Union's Horizon 2020 Research and Innovation Programme at King's College,

C.B.S.E Holocaust Education

An enlightening workshop held at the UNESCO Center highlighted the expertise of educators Mr. Paul Salmons, Mr. Subarno Chatterji, Mr. Kenneth Robbins, and Ms. Heather Mann. Their innovative approaches to teaching the Holocaust and engaging pedagogies left a lasting impact. Participants enthusiastically engaged in activities exploring cognitive development theories and addressing Anti-Semitism through photo exercises, gaining invaluable insights.

Joyful Mathematics

The "Joyful Mathematics" workshop at Little Fairy Public School, Hudson Line, GTB Nagar, focused on dynamic approaches to teaching math. Led by Mr. Syeedd and Ms. Shalini Chauhan, the session emphasized hands-on activities, collaborative learning, visual aids, and software integration, fostering a positive and celebratory learning environment.

Raising Learners For India 2040

The 'Raising Learners For India 2040' workshop organized by Indraprastha School Sahodaya in collaboration with the Action Committee, offered valuable insights and practical strategies for nurturing future learners. It covered AI integration, constructive communication between teachers and parents, and innovative approaches to English language learning through music and interactive methodologies.

School Education Conference

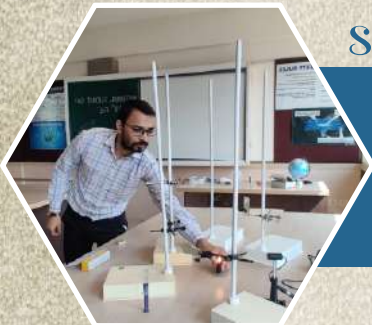

Ms. Anshu Mital, the esteemed Principal, and Ms. Juhi Dabra (TGT English) recently graced a captivating school education symposium hosted at the British Council Office. This engaging event, held in collaboration with CBSE, was a dynamic platform aimed at exploring cutting-edge methodologies for integrating sustainability into education. Delightfully, the symposium provided an enriching opportunity to glean insights from distinguished luminaries thriving in diverse fields.

Thinking and Working like a Scientist

The primary teachers of Science convened for a workshop delving into learner attributes of confidence, responsibility, engagement, innovation, and reflection. The session emphasized integrating scientific inquiry into classes, utilizing the learning cycle, and employing various assessment types - formative, summative, and self-assessment to enhance student understanding and skills.

Science Sparks

Marking National Science Day with excitement, Mr. Vijay, PGT Physics, orchestrated an enthralling workshop for educators. Through captivating experiments, he kindled curiosity and aimed to inspire the budding scientists of tomorrow. The day brimmed with hands-on activities, fostering a blend of learning and enjoyment!

Students & Parents

RED FM Class Lagegi

MRG School collaborated with Red FM, supported by Mental Health Foundation India to host an insightful workshop featuring RJ Misha and Dr. Kanika Khandelwal. Their expert guidance on managing exam stress benefited both parents and students, offering valuable strategies for navigating academic challenges with confidence.

Overcoming Anxiety and Stress during Board Examination

To deal with the stress and anxiety caused due to ongoing examinations, an interactive workshop was organized by MRG school for its students and parents. The session was taken by an eminent Clinical Psychologist and psychotherapist, Ms. Preeti Somani where she equipped the young aspirants and parents with the skills and strategies to manage exam stress and be at ease and confident for the upcoming board examinations.

The Jungle Book Train

Students embarked on a captivating journey into the world of "The Jungle Book Train," where they were introduced to beloved characters like Mowgli, Sher Khan, Bagheera, and Kaa through visually engaging presentations and hand puppets. This immersive experience enriched their understanding of the story, laying a solid foundation for developing strong reading skills and fostering a love for literature.

Fantasy Fiesta

In an inspiring showcase of collaboration, students from class VI B & C showcased their teamwork prowess through their joint endeavor on the "Harry Potter" project. Through vibrant discussions and constructive feedback, they fine-tuned their ideas and tapped into their individual strengths. This collective effort not only fostered learning but also provided a platform for each student to shine and cultivate their unique talents.

Cartoon Chronicles

MRGians unleashed their boundless creativity, transforming ordinary materials into masterpieces that celebrated the timeless bond between siblings. With poems that tugged at heartstrings, drawings bursting with vibrant hues, and whimsical dancing puppets brought to life, each creation was a testament to their individuality and imagination. In this kaleidoscope of artistry, every piece shone brightly in its own unique brilliance.

Literary Adventures

Bharat Darshan Park

MRGians got an opportunity to see the landmarks of the whole country in one place during their educational visit. They were amazed to know how brilliantly the scraps were used to make the replicas of various monuments. The visit ended up successfully achieving its goal of providing the students with knowledge in a fun way.

World Book Fair

Our enthusiastic learners recently attended a book fair to grow up their knowledge, wherein they were extremely fascinated by the varied choice of books. It was indeed spectacle to watch our curious readers completely engrossed in reading.

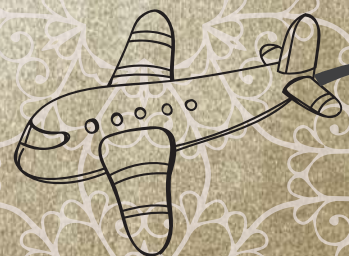

National Science Exhibition

Grade VII and VIII students had a profound opportunity to visit the National Science Exhibition organized by CBSE. Over 313 projects showcasing scientific innovation and creativity were witnessed, emphasizing the practical applications of science in addressing real-world challenges. Engaging with diverse scientific exhibits fostered a deeper understanding and appreciation for the role of science in daily lives.

Exploring the Pink City

MRGians embarked on a three-day educational journey to Jaipur, the vibrant capital of Rajasthan, India. They explored the city's rich cultural heritage with visits to iconic landmarks such as the Amber Fort, City Palace, and Hawa Mahal. Immersed in the history of Jaipur's rulers, they marveled at intricate architecture and engaged in interactive learning experiences. They also dove into the colorful markets and savored local cuisine for a truly enriching adventure.

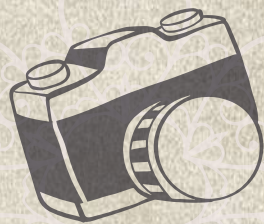

Trips

& Excursions

Visit to Zoo

Exploring the wonders of the animal kingdom with our young minds, our elementary students embarked on an educational adventure at the zoo, discovering the marvels of nature firsthand. From fascinating creatures to interactive exhibits, every moment became a fun-filled lesson, unleashing the joy of learning beyond the classroom walls.

Trampoline Park

Our students bounced with joy on our exhilarating excursion to the trampoline park! Laughter echoed as they defied gravity, flipping and soaring through the air. Amidst the adrenaline rush, friendships were strengthened, and memories made. It was indeed a thrilling adventure where gravity took a backseat, leaving hearts soaring higher than ever!

Visit to the Prime Minister's Museum

Our students of Class VI to VIII along with Cambridge III to V had the unique opportunity to visit the Pradhan Mantri Sangrahalaya-The Prime Minister's Museum. This visit was organized to provide students with an insight into the rich history and governance of the nation, allowing them to witness firsthand artifacts and documents that have shaped India's political landscape. The students thoroughly enjoyed the visit, finding it both educational and inspiring.

Hands on Horizons

National Programme

Avishkaar Makeathon

Embarking on a journey of innovation and ingenuity our school students visited and participated in a national-level robotic competition, witnessing teams from various schools showcasing their creations. The atmosphere buzzed with excitement as robots competed in challenges, demonstrating fusion of technology and teamwork. The experience inspired students, igniting their passion for robotics and fostering collaboration in STEM fields.

Nepal Bridge Exchange Programme

In a learning extravaganza, MRG School hosted Millsberry School, Nepal students in an exchange program. A day of fitness, friendship, and shared joy unfolded as MRGians and international guests united in playful games, fostering cross-cultural connections and mutual learning.

Microscopy Adventure: Exploring Stomata

The students of class X delved into plant anatomy, preparing leaf slides to observe stomata under microscopes. The Hands-on experimentation revealed the structure and function of stomata. Through meticulous dissection and slide preparation, students gained practical microscopy skills, creating an unforgettable learning journey.

Social Science Exhibition

During the Social Science Exhibition, our classrooms evolved into vibrant centers of exploration and discovery! Students presented thought-provoking projects and immersive activities, breathing life into lessons. Witnessing their creativity and enthusiasm firsthand was truly inspiring, reflecting their deep passion for learning.

Cambridge International Programme

Curiosity Ventures: Inquiry Based Project

Within the CAIE wing, learners embarked on a myriad of inquiry-based projects, delving into diverse topics. Through meticulous research, they unraveled the complexities of each subject, igniting their curiosity. Immersed in exploration, their understanding flourished, unveiling the depth of knowledge concealed within the project themes.

Earth's Guardians: A Service Learning Project

In this immersive soil conservation service learning endeavor, learners of CAIE I and II delved into the intricate world of soil preservation. Through diverse activities and detailed exploration of soil layers, they cultivated profound insights, culminating in the creation of enlightening soil jars for deeper comprehension.

Learning Street

Our young scholars of CAIE wing orchestrated an exhilarating learning street program, showcasing their academic odyssey of the entire session. Bursting with energy and creativity, they shared their adventure-based learning experiences, turning the streets into avenues of education and excitement, offering a delightful glimpse into their academic journey.

Inspiring Graduating Voices

It has been an honour serving as the Head Boy of our esteemed institution. My responsibilities included fostering a positive environment, leading by example, and representing the student body. My journey has been a tapestry of lessons of leadership, resilience, and camaraderie. I am grateful for the opportunities provided to contribute to the school's growth and witness the collective accomplishments of our students. As I reflect on my tenure, I am humbled by the support and cooperation of our educators and enthusiastic student body. Let us continue to foster a culture of learning, growth, and respect. Together, we make our school a beacon of excellence. Thank you for the enriching experiences and the chance to make a positive impact.

Yojit Mittal

Head Boy

'School is the kindling of a flame that ignites the pathway of life.' The journey of school for a student is that of learning, growth, achievements, patience and everything in between. As the Head Girl, I have witnessed myself learn and grow, through the novel opportunities and responsibilities. The road that I have walked as a VIIth grader to a XIIth grader, has delicately yet boldly nurtured my confidence, education, experiences and competencies through leadership, responsibility, community service and so many more opportunities where the school has put its faith in me. As I graduate and move forward to the next chapter of my life, I carry a sweet sense of reluctance in my heart. I hope our future shines with the same sparkle as our school lives did.

Sanskriti Agrawal

Head Girl

Alumni Echoes

My time at MRG has been truly unforgettable. The supportive community made it feel like a second home.

The mentorship of the incredibly dedicated and inspiring teachers has played a significant role in my personal and intellectual development. I am grateful for every moment spent here and excited to carry the lessons learned and friendships made into the future.

Forever thankful!

Harshit Jain

I'm filled with gratitude for the experiences, friendships, and lessons learned within the hallowed halls of our alma mater. The passionate teachers ignited my curiosity and the supportive classmates became lifelong friends, each interaction has left an indelible mark on my journey. I am going to carry MRG's values as a guide to both my personal and professional endeavours and continue to cherish the memories created. Proud to be a testament to the enduring legacy of MRG School.

Pari

Thanks to the dedicated educators who have nurtured my passion for knowledge, each experience has shaped me in profound ways. As my time here draws to a close, I am filled with gratitude for the countless opportunities this institution has provided. The lessons learned, lifelong connections forged and the memories created will forever remain a part of me. I am proud to soon join the ranks of MRG's alumni.

Anshika Jain

My journey at MRG has been a golden period of my life and I want to take a moment to express my gratitude for the invaluable learnings I received here. The school has given me abundant opportunities to build up my strengths and overcome my weaknesses, which have made me courageous enough to step into the outside world and succeed. I am definitely going to miss being in those classrooms and sitting on those benches. Wishing the entire MRG community continued success and growth.

Princy Aggarwal

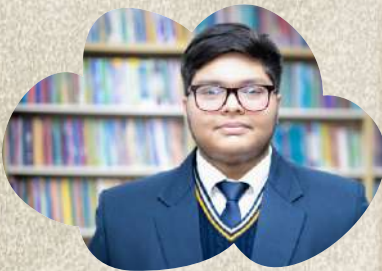

As an MRG School alumnus, my time here had a significant role in shaping me into a person I am today. The committed teachers not only educated me academically, but also ingrained in me the qualities of self-discipline, tenacity, and critical thinking. These have helped me tremendously, and also assisted in overcoming obstacles. I'm appreciative of MRG's strong foundation, which still points me in the direction of achievement.

Punya Arora

MRG School holds a special place in my heart as I forged enduring friendships and imbibed invaluable life lessons. The school's ethos of discipline and camaraderie became the cornerstone of my character. Each moment etched a lasting memory. The nostalgia of shared laughter, occasional challenges, and the collective growth binds me to MRG, since it is not just a school but a reservoir of cherished experiences, forever etched in my story.

Yuvraj Bhardwaj

Expressing gratitude for the numerous experiences at MRG that extended far beyond academics. The memories cherished have left an indelible mark on my life. As I move forward, I am carrying with me the values instilled by the institution— integrity, perseverance, and compassion. Thank you for nurturing my intellect, fostering my growth, and instilling in me a lifelong love of learning. I am proud to have been part of MRG and remain committed to upholding its legacy of excellence.
